J. DONALD.

Chief Secretary
to the Government of Bengal.

NOTIFICATION.

No. 5798A.—The 27th May 1922.—The following provisional rules to regulate the recruitment by examination of certain of the provincial and other services in Bengal during 1922 are published for general information. A separate announcement will be made of the dates and place of the examination :—

RULES.

1. **Extent of application.**—These rules apply to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Subordinate Civil Service and the Subordinate Excise Service.

2. **Method of recruitment.**—Recruitment for these services will be made by (a) promotion, (b) direct recruitment; direct recruitment will be made on the results of a competitive examination which will be held annually for the purpose.

3. **Choice of service.**—Each candidate for direct recruitment will be required to specify in his application the service or services for which he desires to compete, placing these in the order of his preference; and the choice thus indicated will be final. Appointments will be assigned to successful competitors with due consideration to their choice and the number of vacancies in the various services.

4. **Communal representation.**—The Examining Board will submit to Government such separate lists in order of merit as may be required and appointments will be allotted according to such lists to members of the various communities in Bengal in such proportions as may be prescribed by the Governor in Council, or in the case of the Excise Services by the Governor acting with his Minister.

5. **Notification of vacancies.**—The number of appointments to be made to these services will be notified as soon as possible after the 1st July. The examination will be held towards the end of the year.

6. **Application for admission to whom addressed.**—A person desiring to be admitted to the examination shall apply, before such date as the Governor in Council may prescribe, to the head of the College in which he is studying at the time of application or in which he has previously studied for a period of not less than three years:

Provided that application shall not be made to the head of more than one College:

Provided further that persons duly qualified under rule 12 who are not studying or have not studied for a period of three years in any College in Bengal shall apply to the Director of Public Instruction, Bengal, such application being made through their Darbars in the case of persons resident in a State in India.

7. **Time and manner of application.**—Applications shall be made, before such date as the Governor in Council may prescribe, in the form shown in Schedule I, copies of which may be obtained from the heads of Colleges or from the Director of Public Instruction.

8. **Application fee.**—Every candidate must submit with his application non-judicial stamps of the value of Rs. 5 or a chalan showing payment into a Government treasury of the sum of Rs. 5.

9. **Selection Committee.**—The Governor in Council shall appoint a Selection Committee. This Committee shall be composed of officials and non-officials in equal numbers and be presided over by a high officer of Government.

10. **Nomination.**—The heads of Colleges and the Director of Public Instruction shall forward to the Selection Committee, before such date as the Governor in Council may prescribe, the applications of candidates nominated by them in accordance with the allotment of nominations shown in Schedule II and shall certify the moral character of each candidate so nominated. In making these nominations due regard should be paid to the desirability of different classes and communities being represented in the public service.

11. Selection certificates.—The Selection Committee shall issue certificates of selection to such of the nominated candidates, not exceeding 200 in all, as it considers qualified to appear at the examination. The selection or rejection of a candidate by the Selection Committee shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate. Provided nevertheless that the Governor in Council may prescribe the proportions in which selected candidates should be drawn from the various classes and communities.

Provided also that should the various classes and communities not be adequately represented in the nominations received from Colleges, the Selection Committee may call for further nominations from Commissioners of Divisions of candidates belonging to any specified class or classes.

12. Conditions of eligibility.—The indispensable qualifications of a candidate are :—

- (a) that he is a native of the province or has a permanent domicile within the province ;
- (b) that he is a natural born subject of His Majesty or of an Indian State ;
- (c) that he is more than 22 and less than 25 years of age on the 1st August of the year in which the examination is held ;
- (d) that he is a graduate ;
- (e) that he is of good character ; and
- (f) that he is of sound health, good physique, active habits and free from organic defect or bodily infirmity.

Along with his application a candidate shall submit proof of his age, and shall name two responsible persons as references with regard to his character.

13. Particulars of candidates.—The Selection Committee may require such further proof or particulars from the candidates as it may consider necessary, and may make enquire, regarding their character.

14. Eligibility of Government servants.—Unless specially excepted by Government by general or special order, candidates holding substantive appointments in Government service will be debarred from appearing at the examination.

15. Canvassing.—Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

16. Examination fee and time-table.—Every candidate to whom a certificate of selection has been issued will, within a week from the date of its receipt, deposit in the nearest treasury a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary to the Selection Committee. Delay in this respect may render his name liable to removal from the list of examinees. On complying with this requirement the candidate will receive from the Secretary a time-table for the examination.

17. Syllabus of examination and marks.—The examination will be held in the subjects and according to the syllabus as shown in Schedule III, which also indicates the numerical value to be attached to each paper at the examination.

18. Medical examination.—As soon as the result of the examination has been declared, successful candidates will be required to appear before a Medical Board, and no candidate will be offered an appointment unless he is declared by the Board to be up to the standard of physique and health required for the service to which he is appointed.

By order of the Governor in Council,

J. DONALD,
Chief Secretary
to the Government of Bengal.

SCHEDULE I.

(See rule 7.)

Orders and Notifications by the Government of India.

The following notification, issued by the Government of India in the Home Department, published in the *Gazette of India, Extraordinary*, dated the 3rd April 1922, is republished for general information.

J. DONALD,
Chief Secretary
to the Government of Bengal.

NOTIFICATION.

ESTABLISHMENTS.

Simla, the 3rd April 1922.

No. F.-267.—The following despatch from the Secretary of State is published for general information :—

Despatch from the Secretary of State for India, No. 5-Public, dated the 9th February 1922.

I have recently addressed you by telegram suggesting for the consideration of Your Excellency's Government the desirability of taking early steps to remove the misapprehensions which I have reason to believe are widely entertained as to the meaning to be attached to the passage quoted in the margin* from paragraph 3 of the Resolution issued by your Government, with my approval, on the 8th November last, on the subject of the terms and conditions on which officers of certain Indian services who desired to be released from further service in consequence of the introduction of constitutional reforms may be permitted to retire prematurely on proportionate pension. It has been represented to me that this passage in the Resolution has been commonly interpreted as

(i) Intention of a passage in the Resolution, dated 8th November, regarding premature retirement; (ii) future security of pensions.

* "All applications must reach the Local Government before the 31st March 1924, by which date officers will have had ample opportunity to appreciate the effects of the recent constitutional changes, and to arrive at a considered decision. Officers of the services specified who do not apply before that date will not be eligible for a pension on premature retirement in consequence of any constitutional developments which may subsequently take place."

consequence of the introduction of constitutional reforms may be permitted to retire prematurely on proportionate pension. It has been represented to me that this passage in the Resolution has been commonly interpreted as

intended definitely to preclude any officer whose employment may hereafter be terminated prematurely either by the Secretary of State in Council under the constitution provided by the present Government of India Act, or by an Indian Dominion Government, should such be constituted by an instrument amending or repealing that Act, from claiming pensionary recognition of the services which he has rendered and compensation for their unexpected termination. And, apart from the fear that such consequences are intended in the matter of compulsory retirement, I understand that the passage is further regarded as closing the door on any hope of the renewal of an offer similar to that held out by the Resolution, even on the occurrence of further legislation to amend the Government of India Act, which may have the effect of marking a further stage towards the grant to India of Dominion status. And the combined effect of these impressions has been, apparently, to give colour to the idea that a leading motive which prompted the Secretary of State in Council and Your Excellency's Government in framing the terms and conditions embodied in the orders of 8th November was a desire to induce as many as possible of the members of the all-India services, for whose maintenance, welfare and efficiency those authorities are directly responsible, to abandon their employment at the earliest possible date.

2. Your Excellency's Government will, I am confident, share my deep regret that language should have been used which is capable of an interpretation so fundamentally at variance with our objects and intentions; and I trust that it is now clearly understood by the members of the services that—

- (i) nothing in your Resolution has reference, directly or indirectly, to the compulsory retirement of officers whose employment it may hereafter be decided by whatever authority to terminate for whatever reason, before they have completed such service as, under ordinary regulations and expectations, carries the claim to a pension;
- (ii) that when the time comes for His Majesty's Government to recommend to Parliament further legislation with the object of granting to India a larger measure of self-government, it will be the unquestionable duty of the Secretary of State in Council to consider fully the extent to which such changes affect the conditions of service of those who will be bound by them, and whether they are such as to necessitate a re-opening of opportunities for voluntary retirement on pension; that it will further be his duty to take steps to secure the enactment of such provisions to that end as may seem just and necessary; and that nothing in your Resolution was designed to absolve the Secretary of State in Council from this obligation; and
- (iii) that in fact the intention of the passage in question was simply to emphasise the circumstance that the right to apply for a proportionate pension was an exceptional right conferred on the express recommendation of a Joint Select Committee of both Houses, with the implied authority of Parliament, in order to meet the conditions which have been brought about by the Act of 1919, or which may arise in the course of constitutional development under that Act; and consequently that the right was one which, once offered and exhausted, it would not be proper for the Secretary of State in Council to renew, save as the result of a similar mandate given on account of constitutional changes arising out of further Parliamentary legislation.

3. I desire, however, to take this opportunity of endeavouring to dispel other analogous anxieties which have been brought to my notice as being felt by members and ex-members, not only of the Indian services, but also of the Home Establishment of the Secretary of State in Council, as to the security of their pensions (whether in course of payment or in prospect) in the event of India's acquiring full Dominion status, or such an approximation to that status as has the effect of transferring from the Secretary of State in Council to the Legislative Assembly some portion or the whole of that measure of control over the appropriation of the revenues of India and over the services which is by the present Act and statutory rules vested in the Secretary of State in Council.

4. It would, of course, be idle for me to pretend that any declaration by myself, by the Council of India, or by His Majesty's Government as at present constituted, would have the effect of binding any future Government or Parliament as to the measures which they should respectively propose and ratify to safeguard the existing and accruing rights of persons in the Civil Service of the Crown in India whose conditions of employment may be affected by whatever further legislation Parliament may, in its wisdom, decide hereafter to enact in pursuance of the policy inaugurated by the Act of 1919. But it is evidently not generally appreciated that no change in diminution of the powers of control now exercised by the Secretary of State in Council in this regard, nor in modification of the law which now makes such pensions a statutory charge upon the revenues of India, could be effected without the fullest public discussion and by means of express Parliamentary enactment. It cannot be anticipated that His Majesty's Government and Parliament will treat lightly their obligation to ensure as an essential part of such an enactment that all pensions current at the time shall continue to be paid, that those officers whose services may have to be compulsorily terminated shall be adequately compensated, and that those who are entitled to pensions shall receive them. But in any event, I desire to place on record, with the full concurrence of my Council, my conviction that no future Secretary of State in Council of India will be found wanting in his duty of securing the fulfilment of those obligations, or will be found willing to surrender in the smallest degree the control which he exercises under the existing law, save on conditions which will adequately ensure that rights and expectations which it is now his duty to protect are fully guaranteed.

CHAPTER 6.

AN ACT TO PROVIDE, DURING TWELVE MONTHS, FOR THE DISCIPLINE AND REGULATION OF THE ARMY AND AIR FORCE.

[12th April, 1922.]

WHEREAS the raising or keeping of a standing army within the United Kingdom in time of peace, unless it be with the consent of Parliament, is against law :

AND WHEREAS it is adjudged necessary by His Majesty and this present Parliament that a body of land forces should be continued for the safety of the United Kingdom and the defence of the possessions of His Majesty's Crown, and that the whole number of such forces should consist of two hundred and fifteen thousand, including those to be employed at the depôts in the United Kingdom for the training of recruits for service at home and abroad, but exclusive of the numbers actually serving within His Majesty's Indian possessions :

AND WHEREAS under the Air Force (Constitution) Act, 1917, His Majesty is entitled to raise and maintain the air force, and it is judged necessary that the whole number of such force should consist of thirty-one thousand one hundred and seventy-six, including those employed as aforesaid, but exclusive of the numbers serving as aforesaid, and the provisions of the Air Force Act are due to expire at the same dates as the provisions of the Army Act:

AND WHEREAS it is also judged necessary for the safety of the United Kingdom, and the defence of the possessions of this realm, that a body of Royal Marine forces should be employed in His Majesty's fleet and naval service, under the direction of the Lord High Admiral of the United Kingdom, or the Commissioners for executing the office of the Lord High Admiral aforesaid:

AND WHEREAS the said marine forces may frequently be quartered or be on shore, or sent to do duty or be on board transport ships or vessels, merchant ships or vessels, or other ships or vessels, or they may be under other circumstances in which they will not be subject to the laws relating to the Government of His Majesty's forces by sea:

AND WHEREAS no man can be forejudged of life or limb, or subjected in time of peace to any kind of punishment within this realm, by martial law, or in any other manner than by the judgment of his peers and according to the known and established laws of this realm: yet, nevertheless, it being requisite, for the retaining all the before-mentioned forces, and other persons subject to military law or to the Air Force Act, in their duty, that an exact discipline be observed and that persons belonging to the said forces who mutiny or stir up sedition, or desert His Majesty's service, or are guilty of crimes and offences to the prejudice of good order and military or air force discipline, be brought to a more exemplary and speedy punishment than the usual forms of the law will allow:

AND WHEREAS the Army Act and the Air Force Act will expire in the year one thousand nine hundred and twenty-two on the following days:—

(a) in the United Kingdom, the Channel Islands, and the Isle of Man, on the thirtieth day of April; and

(b) elsewhere, whether within or without His Majesty's dominions, on the thirty-first day of July:

BE IT THEREFORE enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Short title.

1. This Act may be cited as the Army and Air Force (Annual) Act, 1922.

2. (1) The Army Act and the Air Force Act shall be and remain in force during the periods hereinafter mentioned, and no longer, unless otherwise provided by Parliament (that is to say):—

Army Act and Air Force Act to be in force for specified times

(a) Within the United Kingdom, the Channel Islands, and the Isle of Man, from the thirtieth day of April, one thousand nine hundred and twenty-two, to the thirtieth day of April, one thousand nine hundred and twenty-three, both inclusive; and

(b) Elsewhere, whether within or without His Majesty's dominions, from the thirty-first day of July, one thousand nine hundred and twenty-two, to the thirty-first day of July, one thousand nine hundred and twenty-three, both inclusive.

(2) The Army Act and the Air Force Act, while in force, shall apply to persons subject to military law or to the Air Force Act, as the case may be, whether within or without His Majesty's dominions.

(3) A person subject to military law or to the Air Force Act shall not be exempted from the provisions of the Army Act or Air Force Act by reason only that the number of the forces for the time being in the service of His Majesty, exclusive of the marine forces, is either greater or less than the numbers hereinbefore mentioned.

3. There shall be paid to the keeper of a victualling house for the accommodation provided by him in pursuance of the Army Act or the Air Force Act the prices specified in the Schedule to this Act.

Prices in respect of billeting.

AMENDMENTS OF ARMY AND AIR FORCE ACTS.

Part I.—Amendments of Army Act.

4. In section forty-four of the Army Act (which relates to the scale of punishment by courts martial):—

Amendment of s. 44.

(1) At the end of paragraph (f) there shall be inserted the following words—

“or, in the case of an officer whose promotion depends upon length of service forfeiture of all or any part of his service for the purposes of promotion.”

(2) The following proviso shall be inserted after proviso (2):—

“(2A) The Army Council may restore the whole or any part of any lost seniority or forfeited service in the case of an officer who may perform good or faithful service, or who may otherwise be deemed by the Army Council to merit such restoration.”

5. In sub-section (2) of section forty-six A of the Army Act (which relates to the power to deal summarily with charges against officers, and shall hereafter be numbered 47) for paragraph (a) the following shall be substituted:—

Amendment of s. 46A.

“(a) Forfeiture of seniority of rank either in the army or in the corps to which the offender belongs, or in both, or, in the case of an officer whose promotion depends upon length of service, forfeiture of all or any part of his service for the purposes of promotion.”

6. The following paragraph shall be inserted at the end of section seventy-six of the Army Act (which relates to the limit of an enlistment):—

Amendment of s. 76.

“Provided that the Army Council in special cases may by order direct that where any boy is enlisted in a particular corps before attaining the age of eighteen, the period of twelve years shall be reckoned from the day on which he attains the age of eighteen years.”

Part II.—Amendment of Air Force Act.

7. The following paragraph shall be inserted at the end of section seventy-six of the Air Force Act (which relates to the limit of an enlistment):—

Amendment of s. 76.

“Provided that, where any boy is enlisted in the regular air force before attaining the age of eighteen, the period of twelve years shall be reckoned from the day on which he attains the age of eighteen years.”

Part III.—Amendments of Army Act applicable also to the Air Force Act.

8. Sub-section (2) of section eighty-seven of the Army Act (which relates to the prolongation of service in certain cases) shall be amended as follows:—

Amendment of s. 87.

After the words “foreign power” there shall be inserted the words “or while such soldier is on service beyond the seas.”

At the end of the sub-section the words “unless at that time a proclamation calling out the army reserve or any part thereof is in force” shall be added.

9. In sub-section (8) of section one hundred and ninety of the Army Act (which provides for the definition of the expressions “regular forces” and “His Majesty’s regular forces”) for the words “in any part of the world” there shall be substituted the words “in every part of the world, or in any specified part of the world.”

Amendment of s. 190.

10. References in this Part of this Act to the Army Act shall be deemed to include references to the Air Force Act, and those provisions shall, in their application to the air force, have effect subject to any of the general modifications set out in Part I of the Second Schedule to the Air Force (Constitution) Act, 1917, which apply.

RESOLUTION.

LASCAR SEAMEN.

Simla, the 25th May 1922.

No. 2663.—The General Conference of the International Labour Organisation of the League of Nations in its session at Genoa in June 1920 framed a draft Convention for establishing facilities for finding employment for seamen. This Convention prescribed the formation of Employment Bureaux and the prohibition of private employment agencies. When the draft Convention came before the Indian Legislature in September 1921, both Houses recommended that it should not be ratified but that an immediate examination should be undertaken of the methods of recruitment of seamen at the different ports in India in order that it might be definitely ascertained whether abuses existed and whether these abuses could be remedied.

2. The Government of India accordingly determined to hold a preliminary enquiry into the conditions under which seamen are recruited at Bombay and Calcutta, the only ports in India where seamen are recruited in large numbers. The enquiry was conducted by Mr. A. G. Clow, I.C.S., Controller of the Labour Bureau in the Government of India, accompanied at each port by one representative of the shipowners and one representative of the seamen, selected by the Local Government. In accordance with Resolution No. 1208 of the 2nd March 1922, the Government of India then appointed a Committee, including two members of the Legislature in addition to the five gentlemen who took part in the preliminary enquiry, to examine the evidence so collected and to report what reforms were possible in the existing methods of recruitment. The Committee was constituted as follows :—

Mr. A. G. Clow, I.C.S., Chairman.
Sir Frank Carter, K.T., C.I.E., C.B.E., M.L.A.,
Mr. N. M. Joshi, M.L.A.,
Mr. C. S. Penny,
Mr. M. Daud, M.A., B.L.,
Mr. F. L. Barnett, and
Mr. Mohammad Ibrahim.

3. The Committee have presented a unanimous report in which they find that the present system under which shipping companies engage seamen through licensed brokers appointed under section 18 of Act I of 1859 or private brokers (in Calcutta sometimes known as *ghat serangs*) has resulted in grave abuses. After taking legal opinion, the Government of India have decided to treat as confidential the first three paragraphs of the Report which describe the existing system and the abuses to which it is liable.

4. The Committee explain that the shipping companies generally engage seamen through the brokers and pay them a commission calculated on the advances which the brokers make to the seamen on behalf of the companies. The first step in the selection of the crew is the nomination of the serangs or ghat serangs. The crew is selected later and the serangs and the butlers have naturally a considerable share in its selection. When the crew has been finally approved by the officer concerned, it is signed on the articles in the presence of the shipping master or one of his assistants. At this stage it is the duty of the brokers to give the men an advance of their pay. Immediately before the ship sails, an official medical examination is held and either as a result of this examination or from other causes, vacancies in a crew may arise at the last moment. The shipping companies depend upon the broker for the supply of men to fill these vacancies. The main functions which the brokers and ghat serangs are intended to fulfill thus include the supply of crews on demand, the payment of advances to the seamen who are engaged, and the replacement of deserters or of men rejected on medical grounds.

5. The Committee are unanimously of the opinion that this system has led to grave abuses which no mere amendment of detail would satisfactorily remove. They have come to the conclusion that it is imperative to introduce an entirely new system which does not involve the employment of intermediaries. It is clear that if the brokers and ghat serangs are no longer to be employed, arrangement must be made to carry out the duties at present entrusted to them. The Committee point out that this can only be effected by the organisation of employment bureaux. Their recommendations are contained in the paragraphs below.

6. The proposals of the Committee will be examined at once in consultation with maritime Local Governments. The Government of India desire to express their thanks to the Committee for an able and thorough examination of a difficult and important problem.

Recommendations of the Seamen's Recruitment Committee.

4. The present Committee owes its inception to the consideration by the legislature of the Draft Convention for establishing facilities for finding employment for seamen adopted by the Genoa Labour Conference in June 1920. We therefore devoted special consideration to the proposals contained in that Convention. Two alternative systems are suggested in the Convention. In one the system of employment offices is organized and maintained by representative associations of shipowners and seamen in co-operation. In the other, the system is maintained by the State. These seem to us to be the only feasible alternatives. Of the two, we regard the first alternative as, in principle, the better one. Unnecessary interference by the State with the conditions of labour in any industry is undesirable, and a system which is maintained by mutual co-operation of the parties concerned is likely to work much more smoothly than one which depends on the power of the State. At the same time, we recognize that there may be difficulties in securing the necessary co-operation. There is an organization at Calcutta containing a large proportion of men of all grades, and at Bombay the union contains nearly all the saloon crews, but in neither port are all the seamen in unions at present. We are anxious that the reforms which we hope to see introduced should not be jeopardized by the failure of either party to co-operate, and we therefore suggest that, if it proves impracticable to obtain the co-operation necessary to put the first alternative in operation, the second alternative—that of a state organization—should be adopted. At the same time, the first alternative should be set down as the ideal to be aimed at, and we trust that with the growth of healthy organizations amongst seamen and of mutual trust and good will, it will not be long before it can be brought into being.

5. The employment Bureau which we propose to set up in each centre will have at its head a single officer. We consider that he should be an officer having practical maritime experience, as recommended by the Genoa Conference, and it is desirable, also, that if possible he should have had experience of shipowners' and seamen's organizations. The success of the scheme will depend largely on his personality, and his selection will therefore be a matter of the highest importance. We consider that a considerable proportion of the present trouble in Calcutta can be traced to the fact that the supervision of recruiting has been entrusted to shipping officers who are constantly being changed and who, prior to taking up their posts, have not been working in the mercantile marine. The officer selected as head of the Bureau must have had this experience and he must be able to work sympathetically with shipowners, ships' officers and men and with the organizations of the shipowners and the men. Similar care should be exercised in the choice of his assistants.

6. One of the main functions of the Bureau will be the maintenance of a general register of seamen of each grade including recruits. Separate registers should be maintained for each line that so desires, and an additional register should contain the names of seamen who are not on the books of any of the lines having separate registers. It should be within the power of the Bureau to remove the name of any man from the register (*e.g.*, in the event of serious misconduct being proved) or to suspend any man entered on the register. Such a man would then be debarred from obtaining employment in any ship. At

the same time, in accordance with the principle enunciated in the Genoa Convention that "freedom of choice of ship shall be assured to seamen and freedom of choice of crew shall be assured to shipowners," it should be within the power of the shipowner (or his authorized representative) to demand the removal of any seamen's name from the register of the line concerned. Similarly any seaman should be entitled to have his name removed from the register of any line. In such cases, unless there are reasons for the contrary or unless the man's name is entered upon the register of another line by mutual arrangement, the name should be entered on the additional register. Separate registers must, of course, be maintained of types of crew that do not normally sail together.

7. We consider that the power of selecting all seamen, including serangs, should be restricted to two classes of employees of the owners or agents, viz., the

Selection of serangs.

Superintendents and the Masters of the ships. The Chief Officer, Chief Engineer and Chief Purser should have the power to select serangs or butlers, subject to the approval of the Master. And we propose, as regards serangs and butler, that they should be at liberty to nominate any serang or butler who has been discharged from a ship of the same line not less than three months before. Should the officer responsible for the selection not desire to choose such a serang his choice should be made from a fair proportion of men taken from the top of the roster maintained by the Bureau for that line, i.e., from those serangs or butlers belonging to the line who have been longest out of employment. We hope by these provisions to ensure two ends—to encourage lines to give men, as far as possible, continuity of employment, and to ensure that each man on the list shall have his claims regularly considered. Where neither the shipowners, their agents, the Superintendent, nor the Master are present at the employment office (e.g., in the case of a ship at another port belonging to a firm having no agent in the port of engagement) or where they waive their right to select, the choice would devolve on the Bureau.

8. In both Bombay and Calcutta, it should be possible to select the sukhanis on the system proposed above for the serangs. The work of the sukhanis renders them

Selection of sukhanis

independent of the serang, and he need not be given a voice in their selection

9. The serang is, in large measure, held responsible for the work of his crew, and it is necessary therefore to ensure that

Selection of crew : Calcutta.

Calcutta crews, with the exception of the Maldivis, are not split up into self-contained groups, and there is no close attachment between the serang and his crew. It is desirable that the power of the serang to select his crew should be limited as far as possible, without compelling him to sail in command of men who will make trouble on board or discredit him. We propose to secure this by taking the crew (including the hands between the serangs and the ordinary seamen) by roster, and by allowing the serang to make reasonable objections to any particular men so taken. It may prove advisable to allow the serang to nominate one or two men more directly. The nomination or rejection would, of course, in all cases, be subject to the approval of the selecting officer. It should also be possible for men to be taken who have been discharged from ships of the same line not more than one month before. The saloon crew should be similarly chosen.

10. The Bombay problem is more difficult. The crews, especially the deck crews, there are more closely attached to

Selection of crew : Bombay.

particular serangs: they frequently come from the same of neighbouring villages and from almost a family on board. We think that while the system proposed for Calcutta might be applied with advantage to the Punjabi and Pathan firemen, who stand in need of more protection than the other Bombay seamen, it would be a mistake to interfere with the power of nomination the serang at present has in respect of other crews. The approval of the selecting officer will be necessary in all cases. The system by which the butler can choose a few of his crew and the rest are taken by roster should be adopted for the saloon crews in Bombay.

11. An important function at present discharged by the brokers and

Advances.

ghat serangs is the payment of advances. We considered the suggestion of dispensing with advances but came to the conclusion that this was not a possible solution.

The seamen demand and require the advances. It is clear that Government cannot act as an insurance agent and undertake the monetary risks involved in desertion. But it should not be difficult to arrange for private agencies to undertake the risk. A maximum rate of commission might be prescribed, and licenses could be granted to approved agencies to make advances at a commission not higher than the rate prescribed. The commission would be payable by the shipowners as at present. The full advance would be recoverable from the shipowners for all men who sail. Suitable agencies for the purpose would be the Seamen's Unions, co-operative societies, and respectable private individuals. The licenses would be granted by the Employment Bureau, and the advances would be paid, as at present, in the presence of the officer of the Bureau. The Bureau should afford assistance to advancing agencies to prevent the loss of advances.

12. Under the existing system, the brokers are responsible for getting the crew on board. If any of the crew desert it is their duty to fill vacancies. This duty will have to be undertaken by the Employment Bureau, and it will be the most difficult part of its work. We suggest that a system similar to that followed in England be adopted here, and that a certain number of spare men be sent down on the day of sailing, to fill vacancies arising suddenly from desertion or as a result of the medical examination. These men would be chosen by the head of the Bureau from the roster for that line or from the additional register, and they might receive a day's pay from the shipowners for being present, unless of course they were signed on. The men rejected at the final medical examination might also receive a day's pay. The number sent would depend entirely on the instructions of the shipowners. Cases of desertion should be carefully gone into, and "failed to join" should be entered on the continuous discharge certificate. The officer-in-charge of the Bureau should have power to suspend a deserter for a long period. Habitual offenders might be punished with removal from the registers.

13. We have given careful consideration to the question of setting up the Advisory Committees of representatives of shipowners and seamen contemplated by the Genoa Convention. We are agreed that such Committees, if they worked smoothly, would be able to perform useful functions in advising the head of the Bureau. But we are not agreed as to the advisability of introducing these Committees at an early stage. Four members of the Committee, Mr. Clow, Mr. Joshi, Mr. Daud, and Mr. Mahomed Ibrahim consider that the Committees should be set up as soon as practicable.* They would prove most useful in assisting the head of the Bureau to complete the scheme for recruitment. In our report we have dealt only with the broad outlines of the scheme the details to be filled in later will be numerous and it is essential that at this stage, the head of the Bureau should be kept in close touch with both shipowners and seamen. The remaining three members, Sir Frank Carter, Mr. Penney and Mr. Barnett consider that there is a distinct danger that an Advisory Committee will result in serious friction and will hamper the head of the Bureau to such an extent that the establishment of the new system will be jeopardised. They think that the head of the Bureau should be given a free hand to set the system in operation, and Advisory Committees can be introduced at any stage when their necessity is obvious.

14. We consider that bribery, whether direct or indirect, to obtain employment for seamen should be regarded as a serious offence, and punishable with a considerable term of imprisonment. At present the maximum penalty is a comparatively small fine coupled with the loss of office in the case of certain persons. This most inadequate penalty, coupled with the difficulty of obtaining a conviction in cases of this type, has acted as a complete check on prosecutions. We suggest a maximum of two years' rigorous imprisonment. A heavy penalty, e.g., a fine of Rs. 1,000 should also be possible for unauthorised persons who endeavour to supply seamen to any agency other than the Employment Bureau. On the other hand, there should be complete liberty to shipowners, seamen, their representatives or their organizations to supply seamen to the Bureau. In the case of the

offences referred to above, the head of the Bureau should have power to institute prosecutions on complaints or otherwise, and the cases should be treated as public prosecutions.

15. No separate figures are available to show how far the fees now levied under sections 5 and 6 of Act I of 1859 meet the expenses incurred in recruitment. But we consider that these fees should be diverted towards maintenance of the Employment Bureau, which will exercise the functions at present discharged by the Shipping Office.

16. Inquiries have not been made in ports other than Bombay and Calcutta, and we have, in consequence, no evidence regarding conditions at the other ports of India. We have, therefore, confined our discussions to Calcutta and Bombay.

CAMPBELL HOSPITAL, the 27th May 1922.

COMILLA SURVEY SCHOOL.

P. O. Mainamati, district Tippera.

Admission Rules (Provisional).

1. This institution is a Government concern under the administration of the Director of Industries, Bengal. It occupies a site on the Mainamati hill, four miles from Comilla railway station in the Tippera district.

2. The Principal of the school is charged with the general control of the school and the maintenance of discipline.

3. The full course of instruction extends over two years; either the full course may be taken, or the first year's course only. The latter runs for 14 months, commencing from 15th July every year.

4. The session for 2nd year course extends without break from the first Monday in November to the middle of September of the following year.

5. It is a residential institution and the students are required to reside in the school premises and must conform to the rules sanctioned by Government for the purpose. Students may live with their parents or with approved guardians only with the special permission of the Principal, which may, at any time, be withdrawn. The messing charges for Hindu students average Rs. 10 per month at present. The Muhammadan students make their own messing arrangements.

6. The qualifications for admission to the first year's course are—

- (a) A sound knowledge of elementary arithmetic.
- (b) Ability to write simple English and some vernacular.
- (c) Fitness for arduous field-work.
- (d) A certificate of character from his last schoolmaster.

7. The maximum limit of age of the candidates for admission to the first year's course is 21 years on the 1st January of the year in which admission is sought, but exception to this rule may be made in special cases.

8. Application for admission into the first year's course must be accompanied by a registration and examination fee of Rs. 3, and must reach the Principal's office before the 30th June. The registration and examination fee shall, in no case, be returned.

9. Candidates not possessing a tolerably good knowledge of English are not ordinarily promoted to the second year class.

10. All payments, whether on account of tuition fees, messing or house-rent, must be made at the Principal's office on or before the 15th of the month in respect of which money is due. After that date no payment shall be taken, unless accompanied by a fine of Re. 1 for every three days of delay. If the payment is not made during the month for which it is due, the defaulting student's name shall be struck off the school books, and such student shall not be re-admitted until he has paid all arrears, together with any fines which may be due from him and a re-admission fee of Rs. 5.

11. The following monthly fees, payable for 12 months, are charged :—

	Rs.	A.	
School fees	...	3	0
House-rent	...	0	8
Reading room fees	...	0	2
Athletic fees	...	0	8
Charged for eleven months in the year.			

12. The full messing fees shall be charged every month during the school session, which is calculated at about ten-and-a-half months yearly.

13. During vacation every member of a mess shall pay a contribution not exceeding Re. 1 a month towards the cost of maintaining mess servants.

14. The admission fees are as follows :—

	Rs.	
Admission to school	...	2
Ditto do. hostel	...	2 (Hindu students only)
Ditto do. athletic club	...	1

15. A caution money deposit of Rs. 5, which is, subject to deduction on account of loss or damage done to school or mess property or non-payment of any dues, refunded when a student finally leaves the school.

16. On joining the school, each student must provide himself with his own bedding, including a mosquito-curtain.

THE GOVERNMENT COMMERCIAL INSTITUTE.

The Evening Lectures.

COURSES of evening lectures are delivered in the following subjects. A student can take up one subject or several subjects, provided the class hours permit him to attend the lectures in each subject :—

- (a) Book-keeping (Elementary).
- (b) Book-keeping (Advanced).
- (c) Shorthand (Theory).
- (d) Shorthand (Speed).
- (e) Typewriting.
- (f) English (including commercial correspondence, letter-drafting and précis-writing).
- (g) Outlines of Political Economy.
- (h) Banking and Currency.
- (i) Annuities and Insurance.
- (j) Mercantile Law.
- (k) Accountancy and Auditing.

The courses of lectures commence in July and continue until the following April, except the course of Accountancy and Auditing, which extends over two years.

(a) **Book-keeping (Elementary).**—Students having a satisfactory knowledge of English and Arithmetic are admitted. Text-book—Arthur Fieldhouse's Complete Book-keeping, up to 100 exercises including Partnership accounts. The fee for the full session, July to April, is Rs. 24, payable in eight monthly instalments of Rs. 3 each. Classes are held three times a week from 6 to 7 P.M.

(b) **Book-keeping (Advanced).**—Students who have passed the Elementary Book-keeping Examination, or who can give satisfactory proof of their knowledge of Elementary Book-keeping up to the requisite standard, are admitted. Text-book—Complete Book-keeping, by Arthur Fieldhouse. The fee for the full session, July to April, is Rs. 32, payable in eight monthly instalments of Rs. 4 each. Classes are held twice a week from 6 to 7 P.M.

(c) **Shorthand (Theory).**—Pitman's Shorthand is the system taught. Students having a sufficient knowledge of English are admitted at the beginning of the session in July. Students are also admitted in December, provided they have already a sufficient knowledge of Shorthand to enable them to appreciate the lectures in the session, December to April.

The minimum speed required to pass the examination is 80 words per minute. The class is held daily from 5 P.M.

The fee for the session, July to November, is Rs. 12, which may be paid in four monthly instalments of Rs. 3 each. The fee for the session, December to April, is Rs. 16, which may be paid in four monthly instalments of Rs. 4 each.

(d) **Shorthand (Speed).**—Students having a speed of 60 words per minute are admitted in July, and the class practice is from 60 to 120 words per minute.

Students having a minimum speed of 80 words per minute are admitted in December, and the class practice is from 80 to 140 words per minute.

In the examination the tests are at four grades of speed, 80, 100, 120, 140 words per minute, and at higher speeds if candidates can write more rapidly. Classes are held daily from 6 P.M. Fees are the same as for (c).

(e) **Typewriting.**—Beginners are admitted in July. Students having a minimum speed of 20 words per minute are admitted in December. The minimum speed required to pass the examination at the end of April is 35 words per minute. Certificates are issued for 35, 40, 45, 50, 55, 60 words per minute. For each of the speed tests there is a corresponding accuracy test in tabulating. Classes are held at 5, 6 and 7 P.M. Fees are the same as for (c).

Combination of the above subjects and reduction of fee.—If a student simultaneously takes up two or three of the subjects (a) to (e), a reduction of Re. 1 per instalment of each of the fees payable by him will be granted: for example, if a student is a member of both the Shorthand and the Elementary Book-keeping classes, he will have to pay instalments of Rs. 2 for each subject instead of Rs. 3 for the session, July to December.

(f), (g), (h), (i) and (j).—Classes are formed in these subjects if a sufficient number of candidates apply for admission. The fee for each subject is Rs. 3 for each series of ten lectures.

(k) **Accountancy and Auditing.**—There are two courses of year each for ordinary students, or one year for those who are already practising as Auditors, to prepare candidates for the Government examination of Diploma in Accountancy, which qualifies them to obtain the Government license to practise as Auditors. Students of this class have to attend Book-keeping and Mercantile Law classes, for which no extra fee has to be paid. The fee is Rs. 144, payable in advance in four half-yearly instalments of Rs. 36 each in the case of ordinary students and Rs. 72 in two half-yearly instalments of Rs. 36 each in the case of those who are practising as Auditors and hold a provisional license granted by Government.

2. **Examinations.**—The examination in subjects (a) to (j) is held at the end of April, at the end of the year's course, under the control of the Government Commercial Institute Board, and successful candidates receive certificates signed by the Director of Public Instruction, Bengal, and countersigned by the Secretary to the Bengal Chamber of Commerce. The examination fee for each subject is Rs. 5.

3. **Attendance.**—Strict regularity and punctuality of attendance are observed. Students must attend 75 per cent. of the lectures in order to appear at the examination. Classes are not held in the evening on Saturday.

4. **Standard of Admission.**—Candidates who have attended the lectures of the day course are eligible for admission. Others will be admitted, provided they appear qualified for the class or classes they seek to join.

5. **Prizes.**—Prizes of Rs. 50 each are offered by the Bengal Chamber of Commerce to the best candidates from the evening classes in subjects (b), (d), (f), (g), (h), (i) and (j). Three medals are offered by the Remington Typewriter Co. to the best three students of either the day or evening classes in the Typewriting examination.

6. **Admission.**—Candidates for admission should send in their applications and register their names, with a deposit of fees, before the end of June. Candidates who desire to be admitted in December should apply before the end of November.

ORDER OF THE INDIAN EMPIRE.

No. 132-792-I.E.—The following extract from the *London Gazette*, dated the 10th March 1922, is published for general information :—

Central Chancery of the Orders of Knighthood,

St. James's Palace, S.W.1,

10th March, 1922.

The King has been graciously pleased to nominate and appoint the Right Hon'ble Sir Victor Alexander George Robert, Earl of Lytton, Governor

budgets showing the actual expenditure for typical families from week to week, or month to month. But no budgets on which reliance could be placed were then available. An alternative method of assessing the comparative expenditure is to estimate the exports, imports and production of different commodities for a particular area, and thus arrive at the average quantity consumed by each inhabitants of that area. It will be evident that if an index-number based on the latter method is to be even approximately accurate, the average consumption for the inhabitants of the area concerned must not differ essentially from the average consumption for the particular class of inhabitants, *i.e.*, industrial workers, to whom the index-number is designed to refer. Moreover, the only area for which it is possible to obtain statistics of exports, imports and production is India as a whole. So that an index-number for India or for any part of India constructed on these lines is open to criticism on two grounds, apart from any inherent errors in the statistics used. In the first place, it assumes that the differences between one province and another are not such as to vitiate the application of averages based on all-India figures to particular industrial centres. Secondly, it ignores differences between the mode of living of the industrial classes and that of the population of India as a whole.

4. The Government of India thus reached the conclusion that, while the method discussed above afforded the only means of constructing an index-number with the material already available, no reliance could be placed on index-numbers so constructed until they had been checked by the collection of family budgets. Local Governments were accordingly addressed in March 1921. The suggestion was then made that index-numbers should be constructed on the basis of estimates of national export, import and production, checked by an early collection of family budgets. The Government of India had the hope that it might ultimately be possible to construct an index-number which would measure, with some degree of accuracy, movements in the cost of living for the industrial classes in India. At the same time, they suggested that particular attention should be directed towards obtaining accurate statistics of retail prices. Errors in the calculation of the quantities of particular commodities entering into the construction of an index-number are of minor importance compared with errors in the prices applied to these commodities. The former, unless they are very large, do not produce serious errors in the final result; the latter, if they are considerable, destroy completely the value of any index-number based upon them.

5. The proposals made by the Government of India were accepted by the majority of Local Governments, and in several important centres investigations designed to secure accurate figures of the comparative consumption of industrial workers have been set on foot. These investigations have not yet been completed, but there is reason to hope that they will furnish material which, in addition to providing a basis for the construction of index-numbers, will throw valuable light on the conditions of life and labour in centres of industry. An index-number is now regularly published in Bombay, and the Government of India hope that other provinces will be in a position, when the necessary statistics have been collected, to publish figures that will secure acceptance. Local Governments will be free to follow their own policy in this matter. The Government of India trust that, in view of the importance of the subject, the public will accord all necessary encouragement and assistance to those who have undertaken the work.

6. At the same time, the Government of India have decided that the construction of an all-India index figure should not be undertaken at the present time. As has already been mentioned, wide differences exist between province and province, and without the collection, under conditions that will secure accuracy, of a large mass of statistical matter culled from typical family budgets from every part of India, it will not be safe to assume that the averages possess the merit of reliability. Moreover, there is no doubt that an index-number constructed on the basis of a restricted area such as a province or an industrial district, where the mode of living of the community is fairly standardised, will inspire much greater confidence among employers, workers and the general public. Thus, while the preparation of an all-India figure would not be without interest, or altogether without utility to those dealing with industrial problems, the Government of India think that it will be wiser to postpone its construction at present. Accurate budgets and retail price statistics are not yet available for all parts of India. Provincial and local

index-numbers have yet to establish themselves in public confidence. When the existing difficulties have disappeared and the leading Local Governments are in a position to publish index figures of recognised accuracy, it may be possible to build up on those an all-India figure that will command general support.

RESOLUTION.

POLICE.

Simla, the 1st June 1922.

No. F.-57-1.—On the 8th February 1922 a Resolution was carried in the Legislative Assembly recommending to the Governor General in Council "that he be pleased to appoint a Committee with a non-official majority to examine the new Arms Rules, 1920, and to submit their Report before the next session making specific recommendations with a view further to amend them."

The Governor General in Council has been pleased to accept this recommendation subject to adherence to the two principles (1) that there should be no racial discriminations in the rules, and (2) that the Government must retain the power to impose restrictions to prevent arms and particularly firearms from falling into the possession of lawless or dangerous persons, and has decided to appoint a Committee of which the personnel will be as follows:—

1. The Hon'ble Sir William Vincent, K.C.S.I., *President*.
2. The Hon'ble Dr. Tej Bahadur Sapru, *Member*.
3. Babu Ujagar Singh Bedi, M.L.A., *Member*.
4. Darcy Lindsay, Esquire, C.B.E., M.L.A., *Member*.
5. Mohammad Faiyaz Khan, Esquire, M.L.A., *Member*.
6. Maulvi Abul Kasem, M.L.A., *Member*.
7. Rai Bahadur Pandit Sankata Prasada Bajpai, M.L.A., *Member*.
8. Harchandrai Vishindas, Esquire, C.I.E., M.L.A., *Member*.
9. Lieutenant-Colonel H. A. J. Gidney, M.L.A., *Member*.
10. The Hon'ble Khan Bahadur A. K. G. Ahmedthambi Maricar, *Member*.

The Committee will report their recommendations to the Governor General in Council. It will meet at a time to be appointed by the Chairman. Mr. C. W. Gwynne, O.B.E., I.C.S., will act as Secretary of the Committee.

Ordered that the Resolution be published in the *Gazette of India* and that a copy be forwarded to all local Governments and Administrations, all Departments of the Government of India and the Director, Intelligence Bureau, for information.

Secretary, State Medical Faculty of Bengal.

GROSVENOR HOUSE, the 9th June 1922.

COMILLA SURVEY SCHOOL.

P. O. Mainamati, district Tippera.

Admission Rules (Provisional).

1. This institution is a Government concern under the administration of the Director of Industries, Bengal. It occupies a site on the Mainamati hill, four miles from Comilla railway station in the Tippera district.

2. The Principal of the school is charged with the general control of the school and the maintenance of discipline.

3. The full course of instruction extends over two years; either the full course may be taken, or the first year's course only. The latter runs for 14 months, commencing from 15th July every year.

4. The session for 2nd year course extends without break from the first Monday in November to the middle of September of the following year.

5. It is a residential institution and the students are required to reside in the school premises and must conform to the rules sanctioned by Government for the purpose. Students may live with their parents or with approved guardians only with the special permission of the Principal, which may, at any time, be withdrawn. The messing charges for Hindu students average Rs. 10 per month at present. The Muhammadan students make their own messing arrangements.

6. The qualifications for admission to the first year's course are—

- (a) A sound knowledge of elementary arithmetic.
- (b) Ability to write simple English and some vernacular.
- (c) Fitness for arduous field-work.
- (d) A certificate of character from his last schoolmaster.

7. The maximum limit of age of the candidates for admission to the first year's course is 21 years on the 1st January of the year in which admission is sought, but exception to this rule may be made in special cases.

8. Application for admission into the first year's course must be accompanied by a registration and examination fee of Rs. 3, and must reach the Principal's office before the 30th June. The registration and examination fee shall, in no case, be returned.

9. Candidates not possessing a tolerably good knowledge of English are not ordinarily promoted to the second year class.

10. All payments, whether on account of tuition fees, messing or house-rent, must be made at the Principal's office on or before the 15th of the month in respect of which money is due. After that date no payment shall be taken, unless accompanied by a fine of Re. 1 for every three days of delay. If the payment is not made during the month for which it is due, the defaulting student's name shall be struck off the school books, and such student shall not be re-admitted until he has paid all arrears, together with any fines which may be due from him and a re-admission fee of Rs. 5.

11. The following monthly fees, payable for 12 months, are charged :—

	Rs. A.	
School fees ...	3 0	
House-rent ...	0 8	
Reading room fees ...	0 2	
Athletic fees ...	0 8	Charged for eleven months in the year.

12. The full messing fees shall be charged every month during the school session, which is calculated at about ten-and-a-half months yearly.

13. During vacation every member of a mess shall pay a contribution not exceeding Re. 1 a month towards the cost of maintaining mess servants.

14. The admission fees are as follows :—

	Rs.	
Admission to school ...	2	
Ditto do. hostel ...	2	(Hindu students only)
Ditto do. athletic club	1	

15. A caution money deposit of Rs. 5, which is, subject to deduction on account of loss or damage done to school or mess property or non-payment of any dues, refunded when a student finally leaves the school.

16. On joining the school, each student must provide himself with his own bedding, including a mosquito-curtain.

FINANCE DEPARTMENT.**NOTIFICATION.**

No. 2049 Mis.—*The 1st June 1922.*—In exercise of the power conferred by section 22 of the Bengal Amusements Tax Act, 1922, the Governor in Council is pleased to make the following rules for securing the payment of the totalisator tax and for the keeping, production and inspection of accounts of all monies paid into totalisators :—

1. The stewards of a race-meeting shall furnish to the prescribed officer not later than the 1st day of May in each year a statement showing the number of totalisators to be maintained by them at each race-meeting throughout the year, and the minimum sum that can be paid into each totalisator by a backer as a stake, and shall intimate to the prescribed officer any subsequent variation in the number and description of totalisators so maintained.

2. The stewards of a race-meeting shall keep accounts in the following form of all monies paid into the totalisator at that meeting :—

- (a) As soon as a totalisator is closed in respect of a race the number of tickets sold shall be recorded on a readers' sheet in Form I annexed to these rules, and the total number of tickets sold shall be calculated and shown therein.
- (b) The sales so ascertained, and shown in Form I, shall be entered on a calculation sheet on which shall be calculated the dividend payable. Separate calculation sheets shall be used for "win" and "place" bets in Forms II and III annexed to these rules.
- (c) Full details in respect of each race shall be entered in a record book showing the tickets sold, the total amount paid into the totalisator, the result of the race, the amount of the tax payable, the commission retained by the proprietor of the totalisator, and any surplus or loss that may be incurred, and a summary shall also be maintained at the end of the book showing the commission, tax, surplus, loss and takings for each day's racing. The record book and summary shall be kept separately for "win" and "place" bets in Forms IV, V, VI and VII annexed to these rules.

3. Where money is paid by credit into the totalisator by means of an I. O. U. voucher, the amount of the stake so laid by a backer on credit shall, for the purpose of computing the monies paid into the totalisator, be added to the cash amounts paid by way of stakes, and the credit shall be supported by a voucher in Form VIII or Form IX annexed to these rules according as the stake is laid for a win or a place.

4. The stewards of a race-meeting shall, within seven days of each racing day, forward to the prescribed officer a return showing for each totalisator the amount paid in by backers on account of "win" and "place" bets. The return shall also show the total amount received on account of payments into the totalisators and the amount of the tax due thereon under section 15 of the Act, and shall be in Form X annexed to these rules.

5. The amount of the tax shall, unless the local Government otherwise directs, be paid to the credit of the Government of Bengal in two instalments annually, namely, by the 31st of January and by the 20th of March. The amount of each instalment shall include the amount of the tax due up to the day preceding the date of payment of the instalment, and intimation of payment shall be given to the prescribed officer, together with a statement showing the amount of the tax paid in respect of each day's racing as shown in the return referred to in rule 4. Where the accounts of a totalisator are subject to audit, the stewards shall also place before the auditors copies of the returns furnished to the prescribed officer under rule 4, and the auditor shall be required to certify that the returns so furnished provide a correct and complete statement of the monies paid into totalisators and of the tax due thereon.

No. 2050 Mis.—The 17th June 1922.—In exercise of the powers conferred by section 22 of the Bengal Amusements Tax Act, 1922, the Governor in Council is pleased to make the following rules for the keeping, production and inspection of accounts of, and for the payment of, the betting tax :—

1. In the case of credit bets, the betting tax shall be deducted or collected by the licensed bookmaker, with whom such bets have been made, on the settling day.

2. Each licensed bookmaker shall keep accounts of all bets made with him, whether in cash or on credit, in Form XI annexed to these rules. The accounts shall be shown separately for "win" and "place" bets.

3. The accounts prescribed by rule 2, together with a statement in Form XII annexed to these rules, shall be produced by the licensed bookmaker before the prescribed officer within seven days of the last racing day of a race-meeting, and the amount of the betting tax found by examination of such accounts to be due to Government, shall be paid by the licensed bookmaker to the prescribed officer within seven days of the examination of the accounts and the determination by the prescribed officer of the amount of tax due.

4. Where any bet is disputed, the amount of the betting tax due thereon shall be paid by the bookmaker within seven days of the decision of the stewards of the race-meeting.

5. The amount of the betting tax received by the prescribed officer on behalf of Government under these rules shall be paid to the credit of the Government of Bengal forthwith.

6. The prescribed officer shall prepare and maintain a statement showing for each race-meeting the amount of monies paid or agreed to be paid by each licensed bookmaker and the amount of the tax due thereon.

7. The prescribed officer for the purpose of these rules shall be such person as the local Government may, by order in writing, appoint.

NOTIFICATION.

No. 2051Mis.—The 17th June 1922.—In exercise of the power conferred by clause (d) of sub-section (1) of section 12 of the Bengal Amusements Tax Act, 1922, the Governor in Council is pleased to make the following rules for the keeping of accounts and the furnishing of returns by the proprietors of entertainments to which the provisions of sub-section (4) of section (3) of that Act are applied, and in exercise of the powers conferred by section 13 of the said Act to delegate to the prescribed officers mentioned in clause (b) of rule 5 of the following rules power to prescribe the following conditions under sub-section (4) of section 3 of the said Act :—

- (i) The times for the submission of returns under rule 3.
- (ii) The time and manner of payments of the tax under rule 4.

1. The proprietor of an entertainment who has been allowed to make a consolidated payment of the entertainments tax under the provisions of sub-section (4) of section 3 of the Bengal Amusements Tax Act, 1922, shall not issue, or have in his possession at the place of entertainment, any ticket, being a ticket authorising or intended to be used for the purpose of authorising any person to be admitted on payment to the entertainment, unless the price of admission is legibly printed, stamped, or otherwise marked on such ticket. For the purpose of this rule the price of admission means the price inclusive of the amount of the tax, and there shall be printed on every such ticket, as aforesaid, a statement that the price printed thereon, in accordance with the requirements of this rule, includes the tax.

2. Any such proprietor as aforesaid shall, within seven days from the date of an entertainment, furnish to the prescribed officer a return in respect thereof showing the gross sum received by him on account of payments for admission, and particulars of the gross sum so received shall be shown separately for each class of payments for admission.

3. The proprietor shall also forward to the prescribed officer a return showing the number and classes of season tickets issued, the period for which such tickets are available, and the gross sum realised thereby, at such times as the prescribed officer may determine.

4. The proprietor shall pay to the credit of the Government of Bengal, at such times and in such manner as may be fixed by the prescribed officer, the amount of the tax due. Intimation of such payment shall be given to the prescribed officer together with a statement showing the particular entertainments in respect of which payment is made and the amount due on account of each such entertainment.

5. For the purpose of these rules—

- (a) entertainment shall include a series of races held on any one day;
- (b) the prescribed officer in regard to entertainments held otherwise than within the Municipalities of Dacca and Darjeeling shall be the Collector of Calcutta, and in regard to entertainments held within the Municipalities of Dacca and Darjeeling shall be the District Magistrate of Dacca, and the Deputy Commissioner of Darjeeling, respectively.

COMILLA SURVEY SCHOOL.

P. O. Mainamati, district Tippera.

Admission Rules (Provisional).

1. This institution is a Government concern under the administration of the Director of Industries, Bengal. It occupies a site on the Mainamati hill, four miles from Comilla railway station in the Tippera district.

2. The Principal of the school is charged with the general control of the school and the maintenance of discipline.

3. The full course of instruction extends over two years; either the full course may be taken, or the first year's course only. The latter runs for 14 months, commencing from 15th July every year.

4. The session for 2nd year course extends without break from the first Monday in November to the middle of September of the following year.

5. It is a residential institution and the students are required to reside in the school premises and must conform to the rules sanctioned by Government for the purpose. Students may live with their parents or with approved guardians only with the special permission of the Principal, which may, at any time, be withdrawn. The messing charges for Hindu students average Rs. 10 per month at present. The Muhammadan students make their own messing arrangements.

6. The qualifications for admission to the first year's course are—

- (a) A sound knowledge of elementary arithmetic.
- (b) Ability to write simple English and some vernacular.
- (c) Fitness for arduous field-work.
- (d) A certificate of character from his last schoolmaster.

7. The maximum limit of age of the candidates for admission to the first year's course is 21 years on the 1st January of the year in which admission is sought, but exception to this rule may be made in special cases.

8. Application for admission into the first year's course must be accompanied by a registration and examination fee of Rs. 3, and must reach the Principal's office before the 30th June. The registration and examination fee shall, in no case, be returned.

9. Candidates not possessing a tolerably good knowledge of English are not ordinarily promoted to the second year class.

10. All payments, whether on account of tuition fees, messing or house-rent, must be made at the Principal's office on or before the 15th of the month in respect of which money is due. After that date no payment shall be taken, unless accompanied by a fine of Re. 1 for every three days of delay. If the payment is not made during the month for which it is due, the defaulting student's name shall be struck off the school books, and such student shall not be re-admitted until he has paid all arrears, together with any fines which may be due from him and a re-admission fee of Rs. 5.

11. The following monthly fees, payable for 12 months, are charged :—

	Rs.	A.	
School fees	3 0	
House-rent	0 8

THE GOVERNMENT COMMERCIAL INSTITUTE.

The Evening Lectures.

COURSES of evening lectures are delivered in the following subjects. A student can take up one subject or several subjects, provided the class hours permit him to attend the lectures in each subject:—

- (a) Book-keeping (Elementary).
- (b) Book-keeping (Advanced).
- (c) Shorthand (Theory).
- (d) Shorthand (Speed).
- (e) Typewriting.
- (f) English (including commercial correspondence, letter-drafting and précis-writing).
- (g) Outlines of Political Economy.
- (h) Banking and Currency.
- (i) Annuities and Insurance.
- (j) Mercantile Law.
- (k) Accountancy and Auditing.

The courses of lectures commence in July and continue until the following April, except the course of Accountancy and Auditing, which extends over two years.

(a) **Book-keeping (Elementary).**—Students having a satisfactory knowledge of English and Arithmetic are admitted. Text-book—Arthur Fieldhouse's Complete Book-keeping, up to 100 exercises including Partnership accounts. The fee for the full session, July to April, is Rs. 24, payable in eight monthly instalments of Rs. 3 each. Classes are held three times a week from 6 to 7 P.M.

(b) **Book-keeping (Advanced).**—Students who have passed the Elementary Book-keeping Examination, or who can give satisfactory proof of their knowledge of Elementary Book-keeping up to the requisite standard, are admitted. Text-book—Complete Book-keeping, by Arthur Fieldhouse. The fee for the full session, July to April, is Rs. 32, payable in eight monthly instalments of Rs. 4 each. Classes are held twice a week from 6 to 7 P.M.

(c) **Shorthand (Theory).**—Pitman's Shorthand is the system taught. Students having a sufficient knowledge of English are admitted at the beginning of the session in July. Students are also admitted in December, provided they have already a sufficient knowledge of Shorthand to enable them to appreciate the lectures in the session, December to April.

The minimum speed required to pass the examination is 80 words per minute. The class is held daily from 5 to 7 P.M.

The fee for the session, July to November, is Rs. 12, which may be paid in four monthly instalments of Rs. 3 each. The fee for the session, December to April, is Rs. 16, which may be paid in four monthly instalments of Rs. 4 each.

(d) **Shorthand (Speed).**—Students having a speed of 60 words per minute are admitted in July, and the class practice is from 60 to 120 words per minute.

Students having a minimum speed of 80 words per minute are admitted in December, and the class practice is from 80 to 140 words per minute.

In the examination the tests are at four grades of speed, 80, 100, 120, 140 words per minute, and at higher speeds if candidates can write more rapidly. Classes are held daily from 6 P.M. Fees are the same as for (c).

(e) **Typewriting.**—Beginners are admitted in July. Students having a minimum speed of 20 words per minute are admitted in December. The minimum speed required to pass the examination at the end of April is 35 words per minute. Certificates are issued for 35, 40, 45, 50, 55, 60 words per minute. For each of the speed tests there is a corresponding accuracy test in tabulating. Classes are held at 5, 6 and 7 P.M. Fees are the same as for (c).

Combination of the above subjects and reduction of fee.—If a student simultaneously takes up two or three of the subjects (a) to (e), a reduction of Re. 1 per instalment of each of the fees payable by him will be granted: for example, if a student is a member of both the Shorthand and the Elementary Book-keeping classes, he will have to pay instalments of Rs. 2 for each subject instead of Rs. 3 for the session, July to December.

(f), (g), (h), (i) and (j).—Classes are formed in these subjects if a sufficient number of candidates apply for admission. The fee for each subject is Rs. 3 for each series of ten lectures.

(k) **Accountancy and Auditing.**—There are two courses of year each for ordinary students, or one year for those who are already practising as Auditors, to prepare candidates for the Government examination of Diploma in Accountancy, which qualifies them to obtain the Government license to practise as Auditors. Students of this class have to attend Book-keeping and Mercantile Law classes, for which no extra fee has to be paid. The fee is Rs. 144, payable in advance in four half-yearly instalments of Rs. 36 each in the case of ordinary students and Rs. 72 in two half-yearly instalments of Rs. 36 each in the case of those who are practising as Auditors and hold a provisional license granted by Government.

2. **Examinations.**—The examination in subjects (a) to (j) is held at the end of April, at the end of the year's course, under the control of the Government Commercial Institute Board, and successful candidates receive certificates signed by the Director of Public Instruction, Bengal, and countersigned by the Secretary to the Bengal Chamber of Commerce. The examination fee for each subject is Rs. 5.

3. **Attendance.**—Strict regularity and punctuality of attendance are observed. Students must attend 75 per cent. of the lectures in order to appear at the examination. Classes are not held in the evening on Saturday.

4. **Standard of Admission.**—Candidates who have attended the lectures of the day course are eligible for admission. Others will be admitted, provided they appear qualified for the class or classes they seek to join.

5. **Prizes.**—Prizes of Rs. 50 each are offered by the Bengal Chamber of Commerce to the best candidates in the evening classes in subjects (b), (d), (f), (g), (h), (i) and (j). Three medals are offered by the Remington Typewriter Co. to the best three students of either the day or evening classes in the Typewriting examination.

6. **Admission.**—Candidates for admission should send in their applications and register their names, with a deposit of fees, before the end of June. Candidates who desire to be admitted in December should apply before the end of November.

CALCUTTA, the 11th March 1922.

BOARD OF CONTROL FOR APPRENTICESHIP TRAINING.

Rules regarding the Apprenticeship Admission Examination.

1. This is a qualifying and not a competitive examination. The right of selection of candidates for Apprenticeship is reserved to employers, who will, it is hoped, make use of the examination results in making their selection.

2. The examination will be held twice yearly, commencing on the 1st day of the 2nd whole week in January and on the last Monday in June, in Calcutta and at such other centres as may be fixed from time to time by the Board.

3. There shall be two sections, a Compulsory Section and an Optional Section as follows:—

COMPULSORY SECTION.

Group I. English—

- (1) Dictation and writing.
- (2) English composition

Group II. Mathematics—

- (3) Arithmetic and Algebra.
- (4) Mensuration and Geometry.

Group III. Drawing—

- (5) Freehand including drawing from memory.

OPTIONAL SECTION.

A candidate must take one or two of the following subjects:—

Mechanics.
Trigonometry.
Elementary Physics.
Elementary Chemistry.
Practical Plane Geometrical Drawing.

4. The examination will be upon the following syllabus:—

COMPULSORY SECTION.

Group I. English Composition—2 papers.

- (1) *Dictation and Writing.*
- (2) Exercises set with the object of testing the power of candidates to write clear and grammatical English. Letter writing will form an important feature of the paper. The paper will not be an academic type.

Group II. Arithmetic and Algebra—1 paper.

- (1) *Arithmetic.*—The ordinary rules of Arithmetic. Decimal fraction and calculation involving them. Proportion. Extractions of square roots. Simple interest. Contracted method of Arithmetic. No problems on recurring decimals, or on cube roots will be set and no proofs will be required.

Algebra.—The ordinary rules of Algebra up to and including quadratic equations. Simple graphs.

- (2) *Mensuration and Geometry—1 paper.*

Mensuration.—Examples on the properties of the right-angled triangle. Circumference and area of the circle. Area of the triangle and quadrilateral. Areas and Volumes of the cone, pyramid, cylinder, prism and sphere.

Geometry.—The geometry of straight lines, triangles and circles.

Group III. Drawing—1 paper.

- (1) Freehand drawing, including drawing from memory. In the drawing from memory test a simple common object will be shown to the candidates for five minutes and then taken away.

OPTIONAL SECTION.

Mechanics.—Motion of a point. Velocity and acceleration. Composition and resolution of velocities and acceleration in one plane. Mass, Force and Weight. Rectilinear motion under the action of gravity. Work and energy and their units. Composition and resolution of forces at a point. Elementary illustrations of Mechanical principles such as the lever, pulley and inclined plane.

Trigonometry.—Plane trigonometry up to and including right-angled triangles, treated in a simple manner not necessitating the use of logarithms. Academic questions will be avoided and importance will be attached to practical applications.

Elementary Physics.—Distinction between solids, liquids and gases. Pressure in liquids. Floating bodies. Determination of density and specific gravity. Construction and use of common thermometers. The measurement of quantities of heat. Measurement of temperature and pressure. Expansion of solids, liquids and gases. Specific heat. Vapour pressure. Boiling point. Conduction. Convection. Radiation. The methods of production of heat. Transformation of work into heat.

Chemistry.—An elementary knowledge of the following subjects:—

The distinction between elements, compounds, and mixtures. Equivalent weights. Simple chemical equations. Boyle's law. Charles' law. Crystallisation, distillation, precipitation and filtration. Chemistry of the air and water. Preparation and properties of hydrogen, oxygen, nitrogen, ammonia, nitrous oxide, nitrogen peroxide, nitric acid, chlorine, hydrochloric acid, carbon, carbon monoxide, carbon dioxide, sulphur, hydrogen sulphide, sulphur dioxide, sulphur trioxide, and sulphuric acid. The properties of sodium hydroxide, sodium chloride, calcium oxide, calcium hydroxide, calcium carbonate, lead, lead oxide, lead peroxide, and red lead. The characteristic properties of acids, alkalis, bases and salts.

Practical Plane Geometrical Drawing.

5. The Board of Control for Apprenticeship Training will appoint a Committee of three members to moderate the question papers and to review the results of the examination after tabulation has been completed. This Committee will decide on the passing or the failure of each candidate and also the division in which he shall be placed. As a guide to their deliberation, the Committee are instructed that the passing percentage in each group shall be between 40 per cent. and 50 per cent. according to the difficulty of the test. No credit will be given for marks obtained by a candidate in an entire subject for a mere superficial knowledge.

6. *Age.*—Candidates should be between 16 and 19 years of age. Other candidates may be admitted, but their results will be separately listed.

7. Candidates must apply to the Secretary of the Board of Control for Apprenticeship Training at the Bengal Engineering College on the proper form for the registration of their names before December 15th or May 31st, sending with the form the sum of Rs. 12, which will in no case be returned.

8. The form must be countersigned by the Head Master or the Principal of the school which the candidate last attended. The Head Master or the Principal must certify as to the age of the candidate on the first day of the current year, he must state in which class the candidate was reading when he left and whether he completed the full course of instruction laid down for—

- (a) a Matriculation examination of an Indian University ;
- (b) a School Final examination recognized by a Department of Public Instruction ; and
- (c) or such other examination as may be accepted by the Board as equivalent

9. Candidates may appear at the examination more than once, paying on each occasion a fresh examination fee and submitting a fresh registration form.

10. Candidates who may have been admitted to apprenticeship without passing the examination may be admitted to the examination at any time during their apprenticeship under the same conditions as other candidates on the recommendation of the Head of the Technical School in which they are reading.

11. A list of successful candidates between 16 and 19 years of age, arranged in three divisions in order of merit, will be sent by the Secretary to the schools and firms presenting candidates for examination immediately the results have been accepted by the Board. Other candidates will be listed separately.

12. Candidates desiring to get early information of their success or failure must return to the Secretary, after carefully addressing the same to themselves, the post-cards specially devised for the purpose, which will be sent to them when informing them that their names have been registered for the examination.

DACCA, the 21st June 1922.

DEPARTMENT OF MINES IN INDIA.

Regulations made by the Board of Examiners under Rule 30 of the rules applying to coal-mines made under Section 20 of the Indian Mines Act, 1901, for the conduct of examinations for Colliery Managers' Certificates of competency.

(1) No member of the Board of Examiners shall act as a local examiner, except in emergent cases.

(2) When possible one or more members of the Board of Examiners shall attend every examination on at least one of the days.

(3) So far as is practicable, the local examiners for each examination shall be:—

(a) An Inspector of Mines, who shall be Secretary to the local examiners.

(b) Two Mining Engineers or Colliery Managers who must be the holders of first class certificates. Provided that a Mining Professor may be appointed instead of one of the Mining Engineers or Managers.

(4) The remuneration of each local non-official examiner shall be Rs. 150 for each examination, and a capitation fee of Rs. 2 for each first class candidate and Re 1 for each second class candidate examined, and travelling expenses and halting allowances on the first class scale under the Civil Service Regulations; but an Inspector of Mines, acting as a local examiner, shall not be entitled to any fee or remuneration whatsoever, beyond the travelling expenses and halting allowances due to him in his official capacity.

(5) The examinations will be advertized at least four months before the dates of the examinations, and applications, which must be on the prescribed form and supported by original certificates as to experience and character, and accompanied by fees, will be received up to a date, duly advertized, not less than one month prior to the examinations. No application which is not in the prescribed form, or which is not supported by the certificates and fees referred to above, or which is not submitted in due time, will be considered by the Board.

(6) The subjects for examination shall be :—

- (a) **Geology and Mining.**—The geological features of the Coalfields of India, and the application of geology to coal mining. Boring. Sinking. Methods of laying out and working. Supporting roof and sides. The use of explosives. Dams.
- (b) **Ventilation, Explosions, Underground fires and inundations.**—Natural ventilation. Fans and other means of ventilation. The distribution, measurement and control of air in mines. Mine gases. The construction, use and testing of safety lamps. Spontaneous heating. Coal dust. Recovery of mines after explosions, fires and inundations.
- (c) **Machinery.**—Strength of materials. Steam. Compressed air. Electricity. Winding. Hauling. Pumping. Transmission of power. Mechanical coal-cutting and drilling.
- (d) **Surveying, Levelling and Mensuration.**—Magnetic declination. Loose and fast needle surveying. The theodolite. Contour lines and levelling. Calculations and triangulation. Connecting of surface and underground surveys. Mine plans. Instruments.
- (e) **Management and Mining Legislation.**—Organization. Indian Mines Act and Rules under the Act. Other legislation applicable to mines. Sanitation.

(7) The examination shall be both written and oral and the subjects and conditions shall be the same for candidates for both classes of certificates; but the examination questions shall be made suitable for each class of certificate.

The examiners shall have power to eliminate the oral examination in the case of candidates who do not reach a standard in the written examination to be prescribed by the Board of Examiners.

(8) The following shall be the maximum number of marks given for each subject :—

Subject.	FIRST CLASS.			SECOND CLASS.		
	Papers.	Each paper.	Total.	Papers.	Each paper.	Total.
1	2	3	4	5	6	7
Geology and Mining ...	110	30	140	70	40	110
Ventilation, Explosions, Underground fires and inundations.	75	25	100	70	30	100
Machinery ...	90	30	120	80	40	120
Surveying, Levelling and Mensuration.	60	10	60	45	15	60
Management and Mining Legislation.	60	20	80	50	30	80
Total ...	385	115	500	345	155	500

(9) A candidate for a certificate of competency must qualify in each of the subjects for examination, and must obtain 40 per cent. of the maximum marks obtainable for each paper, 40 per cent. of the maximum marks for the oral examination and 60 per cent. on the whole examination (written and oral) to qualify.

(10) A candidate for a first class certificate, who does not reach the necessary standard, may, nevertheless, at the discretion of the local examiners, be recommended to the Board of Examiners for a second class certificate, if, in their opinion, he has done sufficiently well to deserve it.

(11) The Secretary to the local examiners shall submit a report of the result of the examination giving the number of marks obtained by each candidate in each subject, to the President of the Board of Examiners within one month of the close of the examination.

(12) The questions to be set at the examinations shall be prepared by the Board of Examiners which may, at its discretion, confer with the local examiners.

(13) At least one examination for first class candidates and at least one examination for second class candidates shall be held annually in one of the Bengal or Bihar and Orissa coalfields; and in other parts of India examinations will be held whenever, in the opinion of the Board of Examiners, the number of candidates in a coal mining centre justifies the holding of an examination.

(14) No candidate will be allowed to take part in the examination until he has produced an authorization from the Board of Examiners.

(15) Every candidate must sign a register, in which he will be given a definite number. He must sign his name and write his registered number at the top of every page of the paper on which he writes the answers to the questions.

(16) The number of the question must be given in bold figures before the answer to each question.

(17) The calculations and work by which a result is obtained must be clearly shown in immediate connection with the answer to each question.

(18) Answers must be strictly confined to the questions asked.

(19) Sketches may be made to make answers clear.

(20) When sketches are asked for, it should be understood that, unless otherwise stated, freehand sketches, with dimensions, are all that is necessary, and candidates should not spend time in making finished drawings.

(21) Any candidate speaking to any other candidate during the examination, or using any book, notes or private paper, or acting in any manner which the examiners consider improper will be liable to be disqualified at their discretion. The Board of Examiners may in such a case use their discretion as to allowing the candidate to sit at any future examination.

(22) When a candidate has completed the answers to the questions, or when the time allowed for answering the questions has elapsed, or he has been disqualified, he must hand the paper of questions and his answers to the examiners, and at once leave the examination room.

(23) A time-table will be supplied to each candidate at the commencement of the first day's examination.

(24) ~~Oral examination~~ will be held at a subsequent date. Only those candidates who obtain a certain degree of proficiency in the written examination will be examined orally. Due notice of time and place will be sent to each candidate required by the examiners for oral examination.

(25) The number of marks given for each question will be shown in brackets at the end of the question.

(26) Ink and paper will be provided, and no paper other than the official paper provided may be used. Candidates must bring their own pens and pencils, drawing pens and drawing instruments, including a protractor.

These regulations cancel all previous regulations and shall take effect from the 1st January 1923.

UNIVERSITY OF CALCUTTA.

NOTICE.

It is hereby notified for general information that the following are the subjects selected for the Essays in competition for the Jubilee Research Prizes for 1924:—

Literary subjects.

Influence of Western Literature upon the writings of Michael Madhusudan Dutt.

Scientific subject.

A critical estimate of Einstein's Theory of Relativity.

The prizes will be open to all persons who have at any time been admitted to a degree in this University.

The thesis for the above prizes for 1924 are to be sent privately to the undersigned not later than the 30th June 1924. Every thesis must bear a motto, but not the name of the candidate, and must be accompanied by sealed envelope bearing the same motto outside and containing inside the name and address of the candidate.

Every candidate is required to indicate generally in a preface to his thesis, and specially in notes, the sources from which his information is taken, the extent to which he has availed himself of the work of others, and the portions of the thesis which he claims as original. He is further required to state whether his research has been conducted independently, under advice, or in co-operation with others, and in what respects his investigations appear to him to tend to the advancement of knowledge.

Every candidate will be at liberty to publish his thesis, and the thesis of every successful candidate will be published by the University. The Syndicate may also, at their discretion, publish any thesis which has been specially commended.

No. A-181.—The following orders of His Majesty in Council giving effect to the adhesion of Brazil and Hungary to the revised Berne Copyright Convention of 1908, published in the London Gazette, dated respectively the 25th and 28th April 1922, are republished for general information :—

AT THE COURT AT WINDSOR CASTLE.

The 21st day of April 1922.

PRESENT :

THE KING'S MOST EXCELLENT MAJESTY.

Earl of Crawford.

Lord Somerleyton.

Earl of Ronaldshay.

Lord Southborough.

WHEREAS His Majesty, by virtue of the authority conferred on Him by the Copyright Act, 1911, and having regard to the provisions of the revised Berne Copyright Convention of 1908, was pleased to make an Order in Council, dated the 24th day of June 1912 (hereinafter called the Principal Order), extending the protection of the said Act to certain classes of works to which protection is guaranteed by the said Convention :

AND WHEREAS Brazil has acceded to the said Convention :

NOW, THEREFORE, His Majesty, by and with the advice of His Privy Council, and by virtue of the authority conferred upon Him by the Copyright Act, 1911, is pleased to order, and it is hereby ordered, as follows :—

1. The Principal Order shall extend to Brazil as if that country were amongst the Foreign Countries of the Copyright Union therein named, subject to the following modifications :—

- (a) The provisions of Article 2, proviso (ii) (a) shall apply as if Brazil were included amongst the Foreign Countries named in those provisions.
- (b) In the application of the provisions of Article 3 of the Principal Order to works of which the country of origin is Brazil the date of this Order shall be substituted for the Commencement of the Act and for the Commencement of the Principal Order.

(c) In the application to such works of Sections 1 (2) (d) and 19 of the Copyright Act, 1911, the date of this Order shall be substituted for the Commencement of the Act in Sections 19 (7) and 19 (8) wherever that expression occurs, and the 9th day of February 1922, for the passing of the Act.

(d) In the application to such works of the provisions of Section 24 of the Copyright Act 1911, the date of this Order shall be substituted for the Commencement of the Act wherever that expression occurs in Sub-section (1) (a) and for the 26th July 1910, in Sub-section (1) (b).

2. This Order may be cited as the Berne Copyright Convention (Principal Order Amendment) (Brazil) Order, 1922.

AND the Lords Commissioners of the Treasury are to give the necessary orders accordingly.

Almeric Fitz Roy.

AT THE COURT AT WINDSOR CASTLE.

The 21st day of April 1922.

PRESENT :

THE KING'S MOST EXCELLENT MAJESTY.

Earl of Crawford

Lord Somerleyton.

Earl of Ronaldshay.

Lord Southborough.

WHEREAS on the 24th day of April 1893 a Convention with respect to the protection to be given by way of copyright to the authors of literary and artistic works was concluded between Her late Majesty Queen Victoria and His late Majesty the Emperor of Austria, King of Bohemia and Apostolic King of Hungary, and the ratifications of the said Convention were exchanged on the 14th day of April 1894, between Her late Majesty Queen Victoria and His late Majesty the Emperor :

AND WHEREAS by Orders in Council dated the 30th day of April 1894, the 2nd day of February 1895, and the 11th day of May 1895, and made under the authority of the International Copyright Acts, 1844 to 1886, effect was given to the said Convention throughout His Majesty's Dominions except in the Dominion of Canada, the Cape, New South Wales and Tasmania :

AND WHEREAS by the Copyright Act, 1911, the said International Copyright Acts, 1844 to 1886, were repealed as from the date of the commencement of the said Copyright Act, 1911, in the parts of His Majesty's Dominions to which the said Act extends :

AND WHEREAS by the Order in Council dated the 24th day of June 1912, and made under the authority of the Copyright Act, 1911, the Orders in Council dated the 30th day of April 1894, the 2nd day of February 1895, and the 11th day of May 1895, were revoked as from the date of the commencement of the said Copyright Act, 1911, so far as regards the parts of His Majesty's Dominions to which the said Order applied :

AND WHEREAS by reason of the late war between the United Kingdom and Austria-Hungary, the said Convention and the said Order in Council dated the 24th day of June 1912, ceased to have effect and the said Order in Council, dated the 24th day of June 1912, was accordingly revoked as from the 12th day of August 1914, by Order in Council dated the 21st day of December 1920 :

AND WHEREAS by the Trading with the Enemy (Copyright) Act, 1916, it was provided that copyright in all works first published or made in an enemy country during the present war therein referred to, the copyright

wherein would had a state of war not existed have vested in any person as the owner thereof by virtue of the application to an enemy country of any Order in Council made under the Copyright Act, 1911, should be deemed to vest or to have vested in the Public Trustee in his capacity as custodian under the Trading with the Enemy Amendment Act, 1914:

AND WHEREAS by Article 211 of the Treaty of Peace with Hungary it is provided that rights of literary and artistic property, as such property is defined in the International Convention referred to therein shall be re-established or restored in the territories of the High Contracting Parties in favour as the case may be of the persons who were respectively entitled to the benefit of them at the moment when the state of war commenced of their legal representatives, and that rights which, except for the war, would have been acquired during the war in consequence of the publication of a literary or artistic work shall be recognised and established in favour of those persons who would have been entitled thereto, subject nevertheless to the right (thereby reserved) to impose limitations, conditions or restrictions as therein mentioned on rights of literary or artistic property acquired before, during or after the war as therein referred to by Hungarian nationals (as defined in the said Treaty of Peace):

AND WHEREAS by the Treaty of Peace (Hungary) Order, 1921, and the Order of the Board of Trade dated the 16th day of August 1921, effect has been given to the provisions of the Treaty of Peace mentioned in the preceding paragraph of this Order:

AND WHEREAS His Majesty by virtue of the authority conferred on Him by the Copyright Act, 1911, and having regard to the provisions of the revised Berne Copyright Convention, was pleased to make an Order in Council, dated the 24th day of June 1912 (hereinafter called the Principal Order), extending the protection of the said Act to certain classes of works to which protection is guaranteed by the said Convention:

AND WHEREAS Hungary has adhered to the said Convention:

NOW THEREFORE His Majesty, by and with the advice of his Privy Council, and by virtue of the authority conferred upon him by the Copyright Act, 1911, is pleased to order, and it is hereby ordered, as follows:—

- (1) The Principal Order shall extend to Hungary as if that country were amongst the foreign countries of the Copyright Union therein named, subject to the following modifications:—
 - (a) The provisions of article 2, proviso (iii) (a), shall apply as if Hungary were included amongst the foreign countries named in those provisions.
 - (b) In the application of the provisions of Article 3 of the Principal Order to works of which the country of origin is Hungary the date of this Order shall be substituted for the commencement of the Act and for the commencement of the Principal Order.
 - (c) In the application to such works of sections 1 (2) (d) and 19 of the Copyright Act, 1911, the date of this Order shall be substituted for the commencement of the Act in sections 19 (7) and 19 (8) wherever that expression occurs, and the 14th day of February 1922, for the passing of the Act.
 - (d) In the application to such works of section 24 of the Copyright Act, 1911, the date of this Order shall be substituted for the commencement of the Act wherever that expression occurs in sub-section 1 (a) and for the 26th July 1910, in sub-section 1 (b).
 - (e) In the case of works to which the Treaty of Peace (Hungary) Order, 1921 and the Order of the Board of Trade, dated the 16th day of August 1921, relate, nothing in this Order shall be construed as removing any limitations, conditions or restrictions imposed upon such works by the said Orders.

(2) This Order may be cited as the Berne Copyright Convention (Principal Order Amendment) (Hungary) Order, 1922.

AND the Lords Commissioners of His Majesty's Treasury are to give the necessary orders accordingly.

Almeric Fitz Roy.

No. M.-93-66.—In exercise of the powers conferred by sub-section (1) of section 36 of the Indian Electricity Act, 1910, the Governor General in Council is pleased to appoint Mr. F. B. Kerridge to be an Electric Inspector and to direct that he shall exercise the powers and perform the functions of an Electric Inspector under the said Act within the Presidency of Bengal and the province of Bihar and Orissa in respect of the generation and transmission of energy for mines, the supply of such energy to mines, and the use of such energy at mines, and that for the purpose of this Notification a mine shall be deemed to be a mine as defined in the Indian Mines Act, 1901, and shall also be deemed to include all structures in and adjacent to and belonging to a mine, erected for the housing or convenience of the persons employed on or in connection with that mine, and supplied with energy from the same source as that mine:

Provided that Mr. Kerridge's powers of inspection shall, where energy is supplied from the same source both for consumption on a mine and for consumption otherwise than on a mine begin from the point at which the supply of energy to a mine is taken off from the main supply.

for Secretary to the Government of India.

NOTIFICATION.

No. 9577F.—The 23rd June 1922.—The following letter, issued by the Government of India in the Finance Department, is republished for general information.

H. E. SPRY,

Secretary to the Government of Bengal (offg.).

No. 520-C.S.R., dated Simla, the 31st May 1922.

From—P. R. RAY, Esq., M.A., Under-Secretary to the Government of India, Finance Department,

To—The Financial Secretary to the Government of Bengal.

SUBJECT :—*Leave after attainment of the age of 55 years Fundamental rules 56 and 86.*

As it has been brought to the notice of the Government of India that some doubt has been felt as to whether, with reference to fundamental rules 56 and 86, a formal extension of service is a necessary preliminary to the grant of leave to an officer who has attained the age of 55, I am directed to say that such an extension is not necessary and that the grant of leave under rule 86 automatically carries with it the extension required.

2. I am to add that fundamental rule 86 imposes no restriction such as was contained in article 234 of the Civil Service Regulations, upon the exercise by the local Government of its discretion in granting leave.

Orders by the Commissioner of Income-tax, Bengal.

No. 6.—The 23rd June 1922.—In exercise of the powers conferred by sub-section (4) of section 5 of the Indian Income-tax Act, 1922 (XI of 1922), read with section 21 of the General Clauses Act, 1897 (X of 1897), the Commissioner of Income-tax, Bengal, directs that the following amendments be made in notification No. 1, dated the 1st April 1922, published in Part IA of the *Calcutta Gazette* of the 5th April 1922, at pages 105 and 106, namely:—

1. For the entry "All classes" in the second column in items 3 to 8 inclusive of the Second Schedule *substitute* the following:—

"(1) All classes of persons other than persons by whom the tax is payable under the head 'salaries', and

(2) All persons within Bengal by whom the tax is payable under the head 'salaries' other than those mentioned against item 9 in column 2 of this schedule when the person responsible for paying such salary resides or carries on business or exercises his profession or vocation within the area mentioned in the fourth column".

2. *Add* the following entry in the Second Schedule:—

1	2	3	4
9. Mr. Osmond Kenneth Martin.	All persons by whom tax is payable under the head "salaries" whose salaries are audited by (a) the Accountant-General, Bengal, (b) the Accountant-General, Central Revenues, (c) the Accountant-General, Posts and Telegraphs, (d) the Chief Auditor, Eastern Bengal Railway, (e) the Chief Auditor, East Indian Railway.	All classes	Calcutta Districts I to VI inclusive defined in items 3 to 8 inclusive of this schedule.

E. N. BLANDY,

Commissioner of Income-tax, Bengal.

Educational Notices.

COMILLA SURVEY SCHOOL,

P. O. Mainamati, district Tippera.

Admission Rules (Provisional).

1. This institution is a Government concern under the administration of the Director of Industries, Bengal. It occupies a site on the Mainamati hill, four miles from Comilla railway station in the Tippera district.
2. The Principal of the school is charged with the general control of the school and the maintenance of discipline.
3. The full course of instruction extends over two years: either the full course may be taken, or the first year's course only. The latter runs for 14 months, commencing from 15th July every year.
4. The session for 2nd year course extends without break from the first Monday in November to the middle of September of the following year.
5. It is a residential institution and the students are required to reside in the school premises and must conform to the rules sanctioned by Government for the purpose. Students may live with their parents or with approved guardians only with the special permission of the Principal, which may, at any time, be withdrawn. The messing charges for Hindu students average Rs. 10 per month at present. The Muhammadan students make their own messing arrangements.
6. The qualifications for admission to the first year's course are—
 - (a) A sound knowledge of elementary arithmetic.
 - (b) Ability to write simple English and some vernacular.
 - (c) Fitness for arduous field-work.
 - (d) A certificate of character from his last schoolmaster.

7. The maximum limit of age of the candidates for admission to the first year's course is 21 years on the 1st January of the year in which admission is sought, but exception to this rule may be made in special cases.

8. Application for admission into the first year's course must be accompanied by a registration and examination fee of Rs. 3, and must reach the Principal's office before the 30th June. The registration and examination fee shall, in no case, be returned.

9. Candidates not possessing a tolerably good knowledge of English are not ordinarily promoted to the second year class.

10. All payments, whether on account of tuition fees, messing or house-rent, must be made at the Principal's office on or before the 15th of the month in respect of which money is due. After that date no payment shall be taken, unless accompanied by a fine of Re. 1 for every three days of delay. If the payment is not made during the month for which it is due, the defaulting student's name shall be struck off the school books, and such student shall not be re-admitted until he has paid all arrears, together with any fines which may be due from him and a re-admission fee of Rs. 5.

11. The following monthly fees, payable for 12 months, are charged :—

	Rs.	A.	
School fees	3 0	
House-rent	0 8	
Reading room fees	0 2	
Athletic fees	0 8	Charged for eleven months in the year.

12. The full messing fees shall be charged every month during the school session, which is calculated at about ten-and-a-half months yearly.

13. During vacation every member of a mess shall pay a contribution not exceeding Re. 1 a month towards the cost of maintaining mess servants.

14. The admission fees are as follows :—

	Rs.
Admission to school ..	2
Ditto do. hostel ...	2 (Hindu students only)
Ditto do. athletic club	1

15. A caution money deposit of Rs. 5, which is, subject to deduction on account of loss or damage done to school or mess property or non-payment of any dues, refunded when a student finally leaves the school.

16. On joining the school, each student must provide himself with his own bedding, including a mosquito-curtain.

APPOINTMENT OF A COMMITTEE TO MAKE RECOMMENDATIONS FOR EFFECTING ALL POSSIBLE REDUCTIONS IN THE EXPENDITURE OF THE LOCAL GOVERNMENT.

GOVERNMENT OF BENGAL.

FINANCE DEPARTMENT.

FINANCE.

DARJEELING, THE 13TH JUNE 1922.

RESOLUTION -No. 9113 F.

THE question of the possibility of retrenchment in public expenditure has engaged the close attention of the Bengal Government, and of the Bengal Legislative Council, during the eighteen months that have elapsed since the inauguration of the reformed constitution. The resources placed at the

disposal of the local Government under the financial settlement made in connection with the reforms were insufficient to cover the cost of carrying on the administration on the lines previously accepted as necessary, and the financial stringency thereby caused necessitated the closest scrutiny of all expenditure both by Government and by the Council. At the first meeting of the Council in February 1921 a resolution was moved by Mr. Surendra Nath Mallik, recommending the appointment of a committee of twenty members of the Council to report what retrenchments in the expenditure of the various departments of Government could safely and usefully be made. This resolution was withdrawn after a discussion during which it was suggested that it was premature to start a general retrenchment enquiry before the Council had had an opportunity of considering the budget, and while the question of a revision of the financial settlement was still under the consideration of the Government of India and of the Secretary of State. It was, however, stated that the local Government recognized the right of the Council to demand the fullest information regarding the details of public expenditure, and an undertaking was given that if the Council, after the conclusion of the budget debate, expressed a desire for further examination of the financial provision made for any department, Government would endeavour to meet its wishes.

2. That policy has been steadily pursued during the past year. In July 1921 Government accepted a resolution for the appointment of a committee of the Council to enquire into the Police administration with a view to effecting a reduction of expenditure without impairing efficiency, and in August another committee was appointed at the request of the Council to consider the possibility of abolishing the posts of Divisional Commissioners. Neither of these committees has yet succeeded in arriving at any conclusion on the problems set before it. In September, the decision of the Government of India to limit the revision of the financial settlement to a remission for three years of the provincial contribution of 63 lakhs compelled a further anxious reconsideration of the financial position in connection with the framing of the budget for the current year. Every department of Government underwent rigid scrutiny, and provision for all schemes which were not of imperative urgency was excluded from the estimates. In this manner a saving of over Rs. 70 lakhs was effected, but Government and the Council were still faced with a deficit of over a crore of rupees between income and expenditure, which it was necessary to cover by the imposition of new taxation. The Council after prolonged discussion accepted the necessity, but the possibility of effecting further retrenchments was a subject which naturally loomed large in the last budget debates. In December another resolution for the appointment of a general retrenchment committee was withdrawn on an undertaking being given that the departmental budgets would be placed before the Standing Committees for scrutiny. This undertaking was duly observed, but the Standing Committees, far from suggesting retrenchments, in most cases recommended an increase in the departmental budget provisions. In the course of the general budget discussions, dissatisfaction was expressed with the result of the enquiries of the Standing Committees, and several members urged the necessity for a retrenchment enquiry of a wider nature than has hitherto been undertaken.

3. The Governor in Council, with the concurrence of the Ministers, has decided that the time has come when the request should be acceded to. An authoritative decision as to the possibility of retrenchment is necessary in the interests of Government no less than for the satisfaction of the public. The resources of the local Government, even when augmented by the taxation to which the Council has recently agreed, will leave only a small surplus after providing for the needs of the administration on the standards hitherto accepted, and it is evident that unless considerable retrenchments can be effected in the present scale of expenditure, it will be impossible, without further taxation, to finance any considerable new schemes of development. It is, therefore, most desirable that Government, the Legislative Council and the public should be in possession of a reasoned statement of the essential financial requirements of the administration.

4. His Excellency in Council has accordingly decided to appoint a committee to consider what retrenchments, if any, are possible in the existing scale of expenditure of the Government of Bengal. That scale has been reached by a gradual development over a long period of years, and covers a number of activities of varying degrees of relative necessity. It has always been considered, and it will be generally agreed, that it is the elementary duty of a provincial Government to provide the establishments required for the magistracy, the law courts, the police, the jails, the collection of the revenue, and so forth, though opinions may differ as to the amount which it is necessary to spend on these essential functions of the administration, or as to the nature of the staff which should be employed on them. But a modern Government cannot confine its functions to the maintenance of law and order. It must also undertake the duty of providing for the improvement of public health, the advancement of education, the introduction of improved agricultural methods, and other similar matters affecting the daily life and prosperity of the vast mass of the population. The ability of Government to further such objects must, however, be limited by the resources which are available, or which can be made available without imposing an undue burden of taxation upon the country.

5. The accompanying memorandum and statements classify in some detail under various heads the expenditure of the Government of Bengal provided in the budget for 1922-23 which was voted by the Council last March. As already stated, the budget was rigorously curtailed and contains no new schemes. It may therefore be taken to represent what the various departments consider to be their minimum requirements for carrying on their work on existing lines, and will thus form a good basis for the committee's enquiries. Further statements are being prepared for presentation to the committee showing the strength of the various services and the manner in which their members are employed, and the committee will also be supplied with memoranda comparing the strength and rates of pay of the services in 1912 with those of the present day, and explaining the growth of the local Government's expenditure during the last five years. It is hoped that these statements will suffice to enable the committee to decide on the lines of their investigation, and all departments have been instructed to supply them with any further information or explanations that they may require.

6. The Governor in Council desires the committee to make recommendations for effecting all possible reductions in the expenditure of the local Government. He wishes to leave the committee a free hand in their enquiries, but there are certain points on which he would welcome specific recommendations. These are—

- (1) Assuming that the budget for 1922-23 provides for functions which it is necessary, or desirable, that the local Government should undertake, could they be carried out at a smaller cost?
- (2) Having regard to the present financial position and outlook, is it desirable that any of these functions should be omitted or curtailed?
- (3) If, in order to meet popular demands for larger expenditure on education, sanitation, agriculture, and other similar purposes, it is decided to undertake a greater expansion of the activities of Government than has hitherto been possible, would it be desirable to relieve provincial revenues by devolving financial powers and responsibilities on local bodies?

It may be that the committee's enquiries will lead them to recommend changes of policy. The decision as to the action to be taken on such recommendations must rest with the local Government, but the Governor in Council does not wish to limit in any way the scope of the committee's investigation, and it will be open to them to indicate the economies which might be effected if particular policies were adopted, modified, or abandoned.

7. As regards the constitution of the committee, the Governor in Council is convinced from an examination of the results of previous retrenchment enquiries that it must be a small and businesslike body if it is to

produce any useful results within a reasonable period. His Excellency in Council has also decided that the committee should be predominantly non-official in character. Official views on the subject of retrenchment have been frequently expressed in the Council and elsewhere, and will doubtless receive due consideration at the hands of the committee, but what is now desired is an independent examination of the case by an impartial and competent authority. The committee will accordingly be constituted as follows :—

Sir Rajendra Nath Mukherji, K.C.I.E., K.C.V.O. ...	<i>President.</i>
Mr. C. W. Rhodes, C.B.E., M.L.A.	} <i>Members.</i>
Mr. Surendra Nath Mallik, M.L.C.	
Rai Abinash Chandra Banarji Bahadur, M.L.C.	
Mr. H. E. Spry, C.B.E., Financial Secretary to the Government of Bengal.	

The Governor in Council believes that the composition of the committee will command general confidence, and he is grateful to the President and members for consenting to undertake this important public duty.

The committee will meet in Calcutta early in July, and the Governor in Council hopes that their report will, if possible, be submitted before the end of the year, so that it may be available for the preparation of the budget of 1923-24.

ORDER.—Ordered that a copy of the Resolution be forwarded to all members of the committee.

Ordered also that the Resolution be published in the *Calcutta Gazette*.

By order of the Governor in Council.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR MAY 1922.

I. **Character of the season.**—During the month under review light rain fell after a long spell of drought. It was greatly in defect of the normal throughout the Presidency excepting in the district of Jalpaiguri, where the fall was only slightly in excess. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Harvesting of summer rice was completed. Sowings of jute and paddy were practically at a standstill, but the operations were greatly accelerated by the rains towards the latter part of the month. The progress of sowings, so far made in the low-land tracts, was generally unsatisfactory. Preparation of lands for winter paddy and their sowings continued slowly.

III. **State of standing crops.**—The condition of standing crops was not favourable, their growth being much affected by drought.

IV. **Prospects and probable outturn.**—Prospects of standing crops, so far, were not hopeful. The outturn of wheat was estimated at 68 per cent. and that of spring oilseeds at 73 per cent. of the normal this year.

V. **Damage to standing crops.**—Considerable damage was caused to young jute plants and other autumn crops by the unusually prolonged drought in many parts of the Province.

VI. **Condition of agricultural stock.**—The condition of livestock was generally fair. Cattle disease, however, prevailed more or less in parts of Nadia, Murshidabad, Bankura, Hooghly, Rajshahi, Jalpaiguri, Darjeeling, Malda, Mymensingh, Bakarganj, Tippera, Noakhali and the Tripura State.

VII. **Failure of pasturage and fodder.**—Scarcity of fodder and water was felt in many parts of the Presidency, but the situation is now improving.

VIII. **Prices of food-grains.**—During the second fortnight of the month, the prices of common rice of the cheapest quality rose in twelve districts, fell in eight and remained stationary in the rest of the Presidency. The price ranged from 5 seers per rupee in the Tripura State to 8 seers per rupee at Dinajpur, Jalpaiguri and Rangpur.

IX. **Condition of agricultural population.**—The condition of agricultural population was reported to be fair.

REPORT

ON

PUBLIC INSTRUCTION IN BENGAL

FOR

1920-21.

CHAPTER I.

Introductory.

The number of institutions under public and private management rose from 52,879 to 53,968 or by 1,089, but their pupils fell from 1,953,909 to 1,945,145, a loss of 8,764. Public institutions increased in number from 50,620 to 51,994, while private decreased from 2,259 to 1,974. The number of pupils in public institutions rose from 1,886,599 to 1,888,510 or by 1,911, and in private institutions decreased from 67,310 to 56,635 or by 10,675. This decrease can be ascribed to three distinct causes. Adverse economic conditions compelled many withdrawals; the non-co-operation movement reduced the number attending colleges and high schools; lastly, the number given above does not include, as in previous years, pupils of Technical and Industrial schools, which have ceased to be controlled by this Department from the year under review. Of the total number of pupils in all classes of institutions, 1,588,730 were males, and 356,415 females against 1,611,175 and 342,734 respectively in the preceding year.

Total number of institutions and pupils.

2. The number of public institutions included, on 31st March 1921, 51 arts and professional colleges, 908 high schools, 1,833 middle schools, 47,772 primary, and 1,430 special schools. The corresponding figures on the same date of the previous year were 53,903; 1,897; 46,240 and 1,527. Of the public institutions, 379 were managed by Government, 3,114 by district boards and municipalities, 41,081 were aided, and 7,420 unaided. In the previous year the corresponding figures were 399, 3,018, 39,989 and 7,214.

Different classes of public institutions.

3. The total expenditure on public instruction amounted to Rs. 3,09,22,377 as compared with Rs. 3,01,92,891 of the preceding year. Of this Rs. 2,13,98,466 represented direct, and Rs. 95,23,911 indirect expenditure, against Rs. 2,05,22,304 and Rs. 96,70,587 of the year before. Of the total expenditure Rs. 14,09,422 and Rs. 2,25,988 was provided from District and Municipal funds; Provincial revenues contributed Rs. 1,08,78,484, while Rs. 1,34,85,051 and Rs. 49,23,432 came from fees and other private sources, respectively. The corresponding figures for the previous year were Rs. 13,38,693; Rs. 2,06,030; Rs. 1,00,05,332; Rs. 1,31,58,444 and Rs. 54,84,392. Thus expenditure increased under all the heads except "Other sources."

Total expenditure public instruction.

4. The year witnessed the administrative changes inaugurated by the Reforms, which transferred "Education" (excluding European education) to a responsible Minister. The Hon'ble Mr. P. C. Mitter, M.A., C.I.E., first Education Minister for Bengal, took over his duties in January 1921. Sir Henry Wheeler, K.C.S.I., K.C.I.E., at the same time assumed control of European education. The same reforms also made the Director of Public Instruction,

Noteworthy features of period under review.

Bengal, *ex-officio* Deputy Secretary to Government in the Education Department. Mr. W. W. Hornell, M.A., C.I.E., became the first Deputy Secretary.

In respect of discipline the year has been critical. Signs of unrest due to the "non-violent non-co-operation" movement appeared among Bengal students about the close of 1920. As leaders advised students to sever connection with schools and colleges controlled by Government or by the University, a large proportion of college students were emotionally affected by this appeal, to which many responded. Schools were also affected. Most of the colleges were closed temporarily. Bands of students who had withdrawn from their work went about stimulating the boycott of colleges as well as of University or Government examinations. But guardians gave little support to the movement, and the excitement died out gradually. Most of the students returned, and colleges and schools resumed normal work, though an appreciable number of students appear to have abandoned school or college permanently; these withdrawals have seriously crippled the fee-income of private institutions, a few schools among which were helped by Government with additional grants to keep themselves alive pending the return of normal conditions. The agitation, though damaging in its financial effects and in other ways, has served a useful purpose by helping to create a public opinion in favour of practical and vocational education. There is now a wide and real demand for this in the country, springing largely from the knowledge that in present-day conditions the prospects of employment which await the average products of the literary type of education are somewhat drab, and from a belief that practically or vocationally trained men will more easily fit into the economic structure, and thus be more valuable members of society. The subject is now engaging the attention of Government and of the University. It may be pointed out in this connexion that the special classes, which now exist for giving boys a training less literary in its nature than the matriculation course side by side with general instruction, have not hitherto received much support from the people who are naturally conservative and dislike manual labour. The Education Department, while unable to accept some of the cruder forms of the popular demand, welcomes the prevalent desire that considerable practical bias be imparted to school education in Bengal, and that facilities for scientific and other non-literary training beyond the school stage be provided on a more generous scale.

CHAPTER II.

Controlling Agencies.

The Indian Educational Service.

5. During the year the Indian Educational Service was reorganised with retrospective effect from 1st December 1919. Two distinct cadres were formed with different rates of pay for men and women members of the service. Each cadre was divided into three branches, *viz.*, the Administrative, the Collegiate and the Special.

Men's Branch.

The Men's cadre of the Indian Educational Service now includes, besides the ordinary grade, two selection grades—senior and junior—comprising 5 and 15 per cent. of the posts in the cadre, respectively. The rate of pay for the ordinary grade ranges from Rs. 400 to Rs. 1,250. The pay of the posts in the junior selection grade varies from Rs. 1,250 to Rs. 1,500 and of those in the senior from Rs. 1,550 to Rs. 1,750. The members of the Men's cadre are granted, in addition to their grade pay, an overseas pay varying from Rs. 150 to Rs. 250 subject to certain conditions. During the year 15 posts were added to the Men's Branch, which included previously 52 appointments in lieu of an equivalent number of posts in the Bengal Educational Service. The total strength of the men's cadre thus stood at 67 posts on 31st March 1921.

Women's Branch.

The pay of the ordinary grade of the Women's cadre of the Indian Educational Service ranges from Rs. 400 to Rs. 850. This cadre includes one selection grade consisting of 20 per cent. of the total strength of the

cadre. The pay of the selection grade posts varies from Rs. 900 to Rs. 1,050. There is also an overseas pay of a uniform rate of Rs. 50 for members of non-Indian domicile. The number of women members of the Indian Educational Service stood at 8 on 31st March 1921 as in the year before.

6. During the year the Bengal Educational Service also was reorganised, two separate cadres on different rates of pay being constituted for men and women.

The Bengal Educational Service.

A time-scale of pay has been introduced in place of the graded system which existed previously; the minimum and maximum pay has been fixed at Rs. 250 and Rs. 800. On the 31st March 1920 the Bengal Educational Service contained 188 posts—184 permanent and 4 temporary—for men (excluding 17 posts for women). Three permanent and one temporary posts were added to the cadre, while 15 posts were raised to the Indian Educational Service status. Thus on the 31st March 1921 the cadre of the men's branch of the Bengal Educational Service consisted 177 posts of which 5 were temporary.

Men's Branch.

The sanction of the Secretary of State was received to the formation of a scale of pay for the women's branch of the Bengal Educational Service subject to a minimum of Rs. 200, and a maximum of Rs. 500. On 31st March 1921 the number of women officers in the Bengal Educational Service stood at 17, as on the 31st March 1920.

Women's Branch.

7. On the 31st March 1920 the Subordinate Educational Service cadre consisted of 1,182 posts. Forty-one posts were added during the year. Of these, 13 were created temporarily in connection with the establishment of the Dacca Intermediate College, 18 for strengthening the subordinate inspecting staff in Eastern Bengal, and the remaining 10 for certain colleges and schools. Thus the strength of the service stood at 1,223 posts on 31st March 1921.

Subordinate Educational Service.

8. On the 31st March 1920 the number of appointments in the Lower Subordinate Educational Service was 451. Twenty-one posts were converted into appointments on higher rates of pay in the Subordinate Educational Service and outside the grades of the Subordinate Educational Service. The total strength was therefore 430 posts on 31st March 1921.

Lower Subordinate Educational Service.

9. Besides the 159 posts for Vernacular teachers in Government high schools mentioned in the last annual report, the Vernacular Teachers' Service includes 156 appointment attached to secondary schools for girls, middle English schools, and guru-training schools of the improved type. The total strength was thus 315 posts on 31st March 1921.

Vernacular Teachers' Service.

10. Government have sanctioned 44 appointments in the clerical service for secondary high schools (40 for boys' schools and 4 for girls' schools) in connection with the scheme of improvement for secondary education. Of the 4 appointments for girls' schools one has been held in abeyance, because one of the four men who are to occupy the posts draws higher pay outside the graded service. There were thus 43 posts on 31st March 1921.

Clerical Service.

11. On the 31st March 1920 there were 410 appointments outside the grades of the Subordinate Educational Service including 46 posts of the Vernacular Teachers' Service which were subsequently transferred to a regular cadre. During the year 11 posts outside the graded services were created, and two appointments abolished. Thus the number of appointments outside the grades was 373 on 31st March 1921. Of the officers outside the grades 35 drew salaries of Rs. 200 a month or upwards, and the pay of the rest varied from Rs. 12 to Rs. 180 a month.

Officers not within the classified lists

12. The Committee appointed by Government to frame proposals for the reorganisation of the Educational services below the Bengal Educational Service submitted their report to Government in February 1921.

Subordinate Educational Service Reorganising Committee, Director.

13. Mr. W. W. Hornell was in charge of the office of the Director of Public Instruction, Bengal, during the year except for the space of a month, when he went on leave. Mr. J. W. Gunn officiated for him. With the exception of this brief period, Mr. Gunn held the office of the Assistant Director of Public Instruction during the year under review until February, when Mr. E. F. Oaten was appointed to the post. Mr. J. A. Taylor, Assistant Director of Public Instruction for Muhammadan Education, Bengal, returned from leave during the year. The services of the Superintendent

of Industries and Inspector of Technical and Industrial Institutions, Bengal, were placed at the disposal of the Director of Industries during 1920-21.

CHAPTER III.

Collegiate Education.

Arts Colleges.

15. On the 31st March 1921 there were 33 arts colleges for men and 3 for women, with 19,788 students against 21,557 of the previous year. The decrease was due to economic stress and to the non-co-operation movement. These figures may convey a false impression, since the date to which these figures refer, March 31st shows the losses when non-co-operation was at its height. The commencement of the new session in July, which falls outside the scope of this report, saw these losses much reduced. The arts colleges cost Rs. 26,61,642 as compared with Rs. 23,24,083 in the year preceding. As in the year 1919-20, 8 arts colleges were maintained by Government, 1 was under municipal management, 13 were aided, and 14 unaided. During the year under review each college cost Rs. 73,935 on an average. The average cost per student was Rs. 127-13-0 towards which Provincial revenues contributed Rs. 48-14-7.

Arts Colleges for Men.

Number of
colleges.

16. As in the previous year, the number of arts colleges for the education of men stood at 33 ; 7 of them were managed by Government, 1 by a Municipal Board, and 25 by private associations.

Number of
students.

17. Students in arts colleges for men fell from 21,380 to 19,576 ; of these 16,909 were Hindus, 2,306 Muhammadans, and 361 of other communities. The figures for the preceding year were 18,745 ; 2,332, and 303.

Expenditure.

18. The arts colleges for men cost Rs. 3,23,779 in excess of the expenditure of the preceding year. Towards the total expenditure Provincial revenues contributed Rs. 9,58,641 ; while Rs. 7,823 ; Rs. 13,40,569, and Rs. 2,62,601 came from Municipal funds, fees and other sources respectively.

Special grants
for private
colleges.

19. Seventeen private colleges participated in the recurring Imperial grant of Rs. 1,29,000 for the improvement of college libraries and laboratories. Fourteen non-Government colleges received grants-in-aid for maintenance and capital grants.

Government
Colleges :—
(1) Presidency
Colleges.

20. On the 31st March 1921 the Presidency College had 869 students against 832 on the 31st March 1920. Seven hundred and twenty-eight were Hindus, 138 Muhammadans, and 3 of other communities. The total direct expenditure amounted to Rs. 4,76,349, of which Rs. 3,51,681 came from Provincial revenues. The average cost per student was Rs. 526-11-10, of which Rs. 387-10-11 was borne by Government.

Certain new features of the college work call for comment. An attempt was made to give the first-year students some special training of tongue and ear, with a view to improving their pronunciation, intonation and understanding of English. For this purpose small groups of students were practised in reading, dictation and conversation. Secondly, to give the first-year arts students a glimpse into science, a few science lectures illustrated by slides were given at different times. It is intended to repeat both the experiments in future years. The seminars flourished generally, and proved their value. Discipline among the students was satisfactory, and they did not join in the agitation at the close of the year. The College, it is true, was closed during some part of the disturbances, but merely because the strain placed upon students continuing their work in Calcutta was intolerable, and work was impossible in the midst of the agitation. The sense of civic duty in the students was high, and about 150 volunteered to work in connexion with the census operations, when the college accepted responsibility for the census of the ward in which it is situated.

21. There were in Dacca College on the 31st March 1921, 729 students against 754 of the year before. Five hundred and fifty were Hindus and 179 Muhammadans. The college cost Rs. 2,67,523 by way of direct expenditure, towards which Provincial revenues contributed Rs. 2,07,015. The cost per student was Rs. 341-10-7, of which Rs. 264-6-2 was borne by Government. To facilitate the inauguration of Dacca University, the Intermediate classes of Dacca College were separated from the B.A., B.Sc. and M.A., M.Sc. classes (which were absorbed later in Dacca University) and located in August 1920 in the building previously occupied by the School of Engineering. It was found necessary to expel 12 students who, in defiance of authority, joined the non-co-operators. (2) Dacca College.

22. Hooghly College had on its rolls 247 students on the 31st March 1921 against 255 in the previous year. Two hundred and fourteen were Hindus, 31 Muhammadans, 2 Christians. The total direct expenditure amounted to Rs. 86,714, of which Rs. 67,014 came from Provincial revenues. The cost per student was Rs. 348-3-11, of which Rs. 269-2-1 was borne by Government. The College is cramped for space; in the picturesque language of the Officiating Principal: "the college is tight-laced and can hardly breathe". The Hooghly College Association, composed of staff and students, which was started last session, is reported to have done excellent work in the direction of social service; the members of the Association visited neighbouring villages, and impressed upon the people the necessity of self-help, education, temperance, and sanitation. They also started a night-school for working men, and remitted Rs. 800 for relief to the people of flooded areas in Midnapore. Discipline on the whole was satisfactory. Three students left the hostel, and 2 abandoned the Intermediate Examination as a result of non-co-operation propaganda. (3) Hooghly College.

23. The Sanskrit College had 191 students against 290 in the year before. The decrease is said to be mainly due to restrictions imposed upon admissions by the Calcutta University and the Department owing to insufficiency of accommodation. Of the students 2 were Buddhists and the rest Hindus. The total direct expenditure on the College amounted to Rs. 37,609, towards which Provincial revenues contributed Rs. 24,818. The average cost per student was Rs. 181-10-11 out of which Rs. 119-14-3 was borne by Government. According to present arrangements, the students, who take up Honours in Philosophy and History, are allowed to join the Honours classes of the Presidency College without any additional charge, and the Principal of the Sanskrit College is of opinion that a similar concession should be extended to a limited number of honours students in Mathematics. During the year the post of the Principal was included in the Indian Educational Service. With the staff lately strengthened it has been found possible to introduce the system of lectures and monthly examinations. With the permission of the Principal the Presidency College grounds are used by the Sanskrit College students for sports for one day in the week, but this arrangement is not considered satisfactory. Dr. Thomas, Librarian of the India Office, paid a visit to the Sanskrit College library, and investigated its Sanskrit manuscripts. (4) Sanskrit College.

24. On the 31st March 1921, Krishnagar College had 227 students against 281 of the previous year. Two hundred and four were Hindus, 23 Muhammadans (5) Krishnagar College.

and 1 Christian. The direct expenditure amounted to Rs. 91,429, towards which Provincial revenues contributed Rs. 68,013. The cost per pupil was Rs. 365-11-5, of which Rs. 272-0-10 was borne by Government. The B.Sc. classes had their maximum strength, and many applications for admission to science were rejected. The ratio of the staff to students was 1 to 14. In the B.A. and I.Sc. Examinations held in 1920-21 there were no failures. In the Inter-University Recitation contest held by the Calcutta University Institute in 1920, two students won the first prize in Sanskrit, and another won the third prize in Bengali. Athletics flourished, and the students were required to attend the College field four days a week, as in previous years. There were a few cases of indiscipline.

3) Chittagong College.

25. On the 31st March 1921 there were in the Chittagong College 321 students as compared with 405 of the year before. The decrease is ascribed to the non-co-operation movement. Two hundred and two were Hindus, 97 Muhammadans and 22 of other communities. Sanction was received to the affiliation of the College in Philosophy up to the B.A. (Pass) standard. The total direct expenditure was Rs. 76,616, of which Rs. 45,242 came from Provincial revenues. The cost per pupil was Rs. 197-7-5 towards which Provincial revenues contributed Rs. 116-9-8. A College Co-operative Stores run by representatives of both staff and students was started and is said to be working satisfactorily. A tennis court was laid out and football was played, but the interest in games was little owing to the non-co-operation agitation. No serious indiscipline came to notice. The senior Professor of English, who used to take an active interest in the affairs of the college, resigned his appointment in March 1921 and entered local politics as a non-co-operation leader.

7) Rajshahi College.

26. Rajshahi College had 842 students on its rolls against 800 of the preceding year. Six hundred and fifty-six were Hindus and 186 Muhammadans. The direct expenditure amounted to Rs. 1,34,196, of which Rs. 56,429 was borne by Provincial revenues. The cost per student was Rs. 159-3, and the Government share of this was Rs. 66-15. The affiliation of the College up to Honours in Arabic has been under the consideration of the University. A new hostel for Hindu students is under construction. Sanction has been accorded to the construction of an additional college building at an estimated cost of Rs. 80,000, towards which Rs. 32,000 will be contributed by the Raja of Dighapatia. An endowment of Rs. 2,50,000 in 3½ per cent. Government promissory notes has been created for the college in terms of the will of late Mr. Basanta Kumar Roy for "making arrangements for the advanced teaching of Botany, Zoology, etc., with a view to the introduction of a higher agricultural course in the Rajshahi College." Two additional lecturers—one in English and one in Arabic and Persian, one additional Demonstrator in Chemistry, and an additional Librarian were sanctioned. A room has been fitted up at the Government Agricultural Farm where about 40 students of the college attend lectures, and learn the practical work of farming. It is compulsory on students to join in some form of physical exercise; and in consequence the football, cricket, hockey, tennis, rowing and gymnastic clubs flourished. Good discipline was maintained throughout the year, in spite of the non-co-operation agitation which failed here. The endowed Sanskrit College attached to Rajshahi College in which there are arrangements for teaching English, continued to work well.

Municipal College.

27. Midnapore College is the only college in Bengal managed by a municipality. On the 31st March 1921 the college had 174 students against 207 of the previous year. One hundred and sixty-four were Hindus, 8 Muhammadans, and the rest of other communities. Besides the annual maintenance grant the college received Rs. 4,000 from the Imperial assignment of Rs. 1,29,000 for laboratory equipment. The total direct expenditure on the college was Rs. 25,185 and the cost per student Rs. 147-4-6.

Aided colleges.

28. As in the year before, the number of aided private colleges was 12 with 6,419 students on the 31st March 1921 against 6,817 of the preceding year. Of these 5,478 were Hindus, 686 Muhammadans and 251 of other communities. Of the total direct expenditure of Rs. 6,70,127, Rs. 1,37,022 was borne by Provincial revenues. The average cost per student was Rs. 103-2, towards which Provincial revenues contributed Rs. 21-1-5.

29. The preliminaries in connexion with Dacca University were almost all settled in the course of the year although the University came into being after the period closed. The proposals of the University Commission with regard to Calcutta University were taken into consideration, but for financial reasons no action was taken.

Dacca University.

30. The outstanding feature of the year was the rise and progress of the non-co-operation movement. Waves of emotional feeling flooded the colleges towards the close of the year, and for a time brought normal activity to an end in most centres. Then the students of Bengal, after long indifference, responded to the appeal of Mr. Gandhi to abandon an alleged "foreign" system of education for a "national" system. The "national" system when brought to the test of detail, turned out, where it existed at all, to be uncommonly like the "foreign" system. Private colleges which depend mostly upon fees, became a special target of the agitators. The prospects of a National College were dangled before the students' eyes, already dissatisfied with the present system of education, and they were induced to withdraw from their colleges in large numbers. In many places the students took themselves very seriously regarding themselves as "redeemers of their country," in others the movement partook somewhat of the character of a "students' rag," meeting a psychological need of the young adolescent under tutorial discipline. The students, for instance, of one unaided college in Calcutta are reported to have damaged the hostel furniture, while professing non-violent principles. Many who left their colleges adopted a novel method of picketing by lying at full length at the entrance of the colleges and of the University in order to dissuade others from paying their fees or sitting for their examinations. The embarrassment was serious for a time, but even so, activity was confined to a minority, and by the close of the year colleges had reopened, and the national colleges not having materialised, all but the bolder spirits, or those who had little to lose or had committed themselves beyond recovery, were stealing back to work, with an uneasy feeling that they had been made ridiculous.

Urgent among students.

CHAPTER IV.

Secondary Education.

31. Secondary schools of all grades and types fell from 2,800 to 2,741; the decrease was solely confined to middle schools for boys. The number of pupils declined from 397,987 to 360,060. The secondary schools cost Rs. 1,04,87,312, as compared with Rs. 1,00,31,351 in the year before. The average cost of a secondary school was Rs. 3,826-1-9, and the cost per pupil Rs. 28-7-1.

General statistics.

Secondary Education for Indian Boys.*

32. The number of secondary schools for Indian boys declined from 2,689 to 2,626. High schools rose from 869 to 874; middle schools fell from 1,820 to 1,752. Of the 47 middle English schools which disappeared, some were raised to the high school status; some converted into junior madrasahs; others closed for financial reasons; a few were nationalised. The 21 middle vernacular schools disappeared, because there is now little demand for purely vernacular education. The decrease in secondary schools brought about a reduction in the number of pupils. High schools lost 26,222, middle English schools 10,453, and middle vernacular schools 1,718 pupils. The loss in high and middle English schools is attributable chiefly to the non-co-operation agitation, though the long-continuing economic stress is also an explanation. It is satisfactory to note that the tide of the non-co-operation movement ebbed considerably after the close of the period; pupils are returning to schools, and it is expected that normal conditions will soon be restored.

Schools and pupils.

* The Secondary Education of Indian girls and Europeans is dealt with in the respective chapters.

Expenditure.

33. The total direct expenditure on secondary schools for Indian boys amounted to Rs. 88,06,478, of which Rs. 12,91,604 was borne by public funds, and Rs. 75,14,874 by private sources. In the preceding year, public and private funds contributed Rs. 11,19,319 and Rs. 74,64,557. High schools cost Rs. 66,39,087; middle English schools Rs. 20,16,964; middle vernacular schools Rs. 1,50,427. Expenditure increased in high and middle English schools; decreased in middle vernacular schools.

General outlook.

34. The position of the headmasters of Government high schools has been improved considerably by their inclusion in the Bengal Educational Service. The bulk of the teachers of secondary schools managed by Government are in the Subordinate Educational Service and Lower Subordinate Educational Service in which the pay is inadequate and the prospects of promotion unsatisfactory. The Subordinate Educational Service Reorganisation Committee have recommended a time-scale of pay in place of the present graded system; the matter is receiving the attention of the Department. By far the majority of secondary schools are under private management, and their condition is not satisfactory. They are numerically and financially weak, and poor in house and equipment. Secondary schools often spring up quite apart from any genuine demand, and disappear after a few years' struggle. The progress of private secondary schools received a set-back last year owing to the non-co-operation agitation, and some were helped by Government with additional grants to keep themselves financially alive. There is much popular dissatisfaction with the present curriculum which is almost purely literary. The voice of the people demands "vocational training", and the *charka*, to which magical virtues are attributed, is knocking at the door of schools. *Aut scientia aut nihil* is the motto of many a student applying for admission to a college. An early modification of the curriculum is a necessity, though it is to be hoped that the new can be admitted, without destroying what was good in the old. Funds will be required to meet the need, and this may be a cause of delay. Additional funds are also necessary to help the schools in maintaining a high standard of efficiency generally. There is a strong desire in the country for the restoration of the middle vernacular examination. Facilities for training should also be augmented; at present only 10 per cent. and 28 per cent. of the teachers employed in high and middle schools are trained. A Board has been recently created for controlling secondary and intermediate education within the area of Dacca University. A similar Board for the whole province is aspired to, but is not a near probability.

Manual instruction.

35. A new manual training class was opened in the East Indian Railway High English school at Asansol. In some of the manual training classes in the Chittagong Division, weaving, carpentry, smithy, bamboo and canework, tailoring and rope-making are taught. The non-co-operation movement has led to the introduction of spinning and weaving into many schools, though in several cases the machines have gradually ceased to be used, and has in general helped to convert parents to the view that manual instruction is an essential part of secondary education. On the other hand it has undermined the pupils' respect for their teachers and elders so that perhaps little has been gained educationally, and much lost.

CHAPTER V.**Primary Education.****General statistics.**

36. On the 31st March 1921 there were 47,772 primary schools for boys and girls with 1,456,865 pupils against 46,240 schools and 1,409,814 pupils of the preceding year. These schools cost Rs. 51,56,894 as compared with Rs. 49,45,625 of the year before. The average cost of a primary school was Rs. 107-15 and per pupil Rs. 3-11-9.

Primary Education of Indian Boys.*

37. Primary schools for Indian boys rose from 34,856 to 35,695 or by 839. Of these 3,070 were upper primary, and 32,625 lower primary against 3,131 upper primary and 31,725 lower primary of the preceding year. Thus lower primary schools increased by 900, while upper primary schools decreased by 61. The table below compares the number in each Division for the years 1919-20 and 1920-21 :—

	1919-20.		1920-21.		GAIN OR LOSS.

38. The year closed with 1,181,094 pupils (including 58,180 girls) in primary schools for Indian boys as against 1,151,988 on 31st March 1920, that is, an increase of 29,106. Of the pupils 144,434 were in upper primary and 1,036,660 in lower primary schools. The corresponding figures for the previous year were 146,580 and 1,005,408. It is reported that pupils of upper primary schools decreased in all Divisions except Rajshahi, while those in lower primary schools increased everywhere except in the Presidency Division outside Calcutta. The decrease of pupils is said to be due to economic distress and the prevalence of malarial fever in certain localities. It is reported further that primary schools were in no way affected by the non-co-operation agitation. Besides the pupils attending primary schools for Indian boys, there were in the primary department of secondary schools 159,755 pupils, as compared with 175,156 of the previous year. Pupils in primary schools for boys and in primary stages of secondary schools together therefore numbered 1,340,849 against 1,327,144 returned for the previous year, showing an increase of 13,705 in the primary stages.

39. Primary schools for Indian boys were attended by 537,398 Hindus and 620,469 Muhammadans. The corresponding figures for the preceding year were 532,104 and 598,507. Thus the number of Hindu pupils rose by 5,294 or 9 per cent. and of Muhammadan pupils by 21,962 or 3·6 per cent. Of the total male Hindu population 5·09 per cent. and of the Muhammadan population 5·06 per cent. were in primary schools. In the previous year the percentages were 5·05 and 4·88.

40. The total direct expenditure on primary schools for Indian boys was Rs. 42,96,750, against Rs. 41,55,666 of the year preceding, an increase of Rs. 1,41,084. Of the direct expenditure Rs. 21,47,121 or 49·9 per cent. came from public funds, Rs. 21,49,629 or 50·1 per cent. from private sources. In the preceding year public and private funds contributed 48·9 and 51·1 per cent. of the total expenditure. The expenditure from public funds is made up of Rs. 14,20,470 contributed by Provincial revenues, and Rs. 6,42,308 and Rs. 84,343 by District and Municipal funds. The corresponding figures for the previous year were Rs. 13,48,841 Rs. 6,03,601 and Rs. 79,037.

41. The bulk of the expenditure on primary schools from public funds was met from the allotment sanctioned out of the various Imperial grants. The following paragraphs indicate briefly how much was made available during the year under review from each of the Imperial grants :—

The entire amount has been placed at the disposal of District and Municipal Boards for the maintenance of board primary schools and enhancement of the pay of teachers in aided primary schools.

*Primary education of Indian girls and Europeans is dealt with in the respective chapters.

(1) The Direct Grant of Rs. 6,00,000.

(i) The grant of Rs. 3,55,000.

A sum of Rs. 3,13,051 was allotted for recurring and Rs. 6,149 for non-recurring purposes.

(iii) The special grant of Rs. 2,55,000 for Eastern Bengal Districts.

The entire amount was made over to District Boards in Eastern Bengal for the development of female and Muhammadan education, and for repairs to and maintenance of board primary schools.

(iv) The grant of Rs. 4,50,000 (half of 9 lakhs grant).

A sum of Rs. 2,59,169 was allotted for enhancement of the pay of trained and untrained teachers of primary schools, for giving special assistance to the Midnapore District Board, and for the inauguration of the scheme for training primary school teachers.

(v) The grant of Rs. 5,50,000.

Rupees 4,24,209 was made available during the year under review for expenditure on the various objects (except construction of buildings for *guru* training schools) specified in the last annual report.

Panchayati Union schools.

42. Funds were allotted for the construction of 102 Panchayati Union schools for boys and 30 schools for girls. At the present rate of progress it will be long before every Panchayati Union has a school of the type. The condition of these schools is on the whole better than that of other primary schools, but the pay offered to the teachers is inadequate. The District Board of Dinajpur is reported to have increased the pay of the teachers of these schools by 30 per cent. on account of the high cost of living. Similar action by other District Boards would help to popularise these schools.

Curricula.

43. The revised curriculum for primary schools was issued during the year under review and will come into force in January 1923. The inclusion of English as an optional subject in the new curriculum will meet a long-felt want; the subject was already being taught surreptitiously in many schools. Precautions are, however, necessary, that the teaching of English may not be entrusted to inefficient teachers.

Primary Education Act.

44. The most important feature of primary education during the year under review was the deputation of Mr. Evan E. Biss, a member of the Indian Educational Service, to work out schemes for the extension of primary education in urban and rural areas. His report, which has attracted much attention, was placed before Government subsequent to the close of the period under review. As an outcome, detailed schemes for 35 municipalities and 23 Union Boards were worked out. Municipalities hesitate to commit themselves to any large expenditure. The main difficulty lies in the levying of a cess which is an essential feature of the proposals. The schemes for the following municipalities and union boards were, however, submitted to Government for sanction :—

- (1) A scheme of free primary education in the Rangpur Municipality; Rs. 6,000 was sanctioned by Government for capital expenditure.
- (2) A scheme for the Chandpur Municipality—it is under the consideration of Government.
- (3) A scheme for three Union Boards in the district of Khulna—Rs. 10,000 has been sanctioned by Government for capital expenditure, of which Rs. 8,000 was paid out during the year.
- (4) A scheme for primary education in the Darjeeling District, towards which Government sanctioned a sum of Rs. 25,000 for capital expenditure.

Primary Education Calcutta.

45. Mr. Dunn's report on the survey of primary schools in Calcutta had been before Government for some time past, and during the year Government decided to pay to the Corporation of Calcutta 16½ lakhs by instalments for the improvement of primary schools in the town. A sum of Rs. 3 lakhs was paid out during the year.

Conclusion.

46. The general condition of primary schools in Bengal remains unchanged. The average income of a primary school teacher is much below that of a day-labourer; it is idle to expect real progress while the present state of things continues. Increase in the number of aided primary schools—which takes place year after year—without corresponding increase in the funds available for the remuneration of the teachers naturally leads to a reduction in the small pittances doled out to them. There are now millions of boys who go without any education. Illiteracy may be broken to

some extent, when effect has been given to the provisions of the Primary Education Act, but the cost of giving free primary education to all boys of school-going age will be enormous. The trend of feeling is against local taxation for the purpose. A complete system of primary education must, therefore, it seems, be to a very considerable extent financed by Government. ~~Do~~ submit to indefinite postponement.

CHAPTER VI.

The Training of Men Teachers.

47. Teachers in Bengal are broadly divided into (1) Anglo-vernacular or English teachers of secondary schools; the graduate and under-graduate teachers amongst them are trained in the two Government Training Colleges at Calcutta and Dacca; (2) vernacular teachers of secondary schools who are trained in the Divisional normal schools; (3) vernacular teachers of primary schools, who are trained in the existing *guru* and *muallim*-training schools.

Classification
of teachers.

48. Institutions for the training of men teachers for Indian schools were 114 against 119 of last year, with 2,711 pupils as compared with 2,694. The decrease was due to the abolition of old-type *guru*-training schools in certain localities. Of training institutions, 2 are training colleges, 6 normal schools, and 106 *guru*, *muallim* and special training schools.

Institutions
and pupils.

49. The two training colleges maintained by Government at Calcutta and Dacca prepare students for the B.T. and L.T. examinations of the Calcutta University. They admit annually a few Sub-Inspectors and Deputy Inspectors of Schools and a small number of outsiders, besides teachers of Government and aided secondary schools. The course extends over 10 months. Both institutions are rapidly advancing in popularity.

Training
Colleges.

50. On the 31st March 1921, the college had 45 students—25 in the B.T. and 20 in the L.T. class, although 29 B.T. and 27 L.T. students had been admitted at the beginning of the session. Of the number admitted 9 were inspecting officers, 12 Government school teachers, 21 teachers of aided schools and 14 outside candidates. The falling-off in numbers was due to withdrawal caused by illness, resignation, insufficient preparation and shortage of attendance. In the B.T. examination 25 students appeared and 19 passed, 15 in the 1st division. Twenty sat for the L.T. examination, and 13 were successful. One B.T. candidate was deputed by the State of Cooch Behar and 2 L.T. candidates by the State of Hyderabad. The college cost Rs. 42,626 during the year. The average cost per student was Rs. 906-15.

(I) David Hare
Training
College.

The college and its attached hostel were removed to a three-storied building near Harrison Road, the top floor of which is occupied by the Hindu boarders. The Muhammadan boarders reside in the Carmichael Hostel. Special courses were arranged in drawing, drill and geography, the last-named being compulsory. Tutorial classes in history, geography and mathematics were continued for L.T. students. The Principal has proposed that Bengali should also be included in the list of subjects for practical teaching. The arrangements made in previous years for practical training were continued. A course of lectures on hygiene was delivered by an officer of the Department of Public Health.

51. The year closed with 77 students—49 B.T. and 28 L.T. on the rolls of the Dacca Training College; 50 B.T. and 29 L.T. students had been admitted at the beginning of the session. One B.T. student left for political reasons and 1 L.T. student on account of ill-health. Of the B.T. students 2 were women. Of the number under training 10 were inspecting officers, 29 Government school teachers, 11 teachers of aided schools, 23 outside candidates, and 4 officers deputed by the Hyderabad State. Forty-seven students appeared at the B.T. examination and 35 passed, 14 in the first division. Twenty-eight students sat for the L.T. examination and 16 passed. The total direct expenditure on the college was Rs. 72,131, towards which Provincial revenues contributed Rs. 69,071, the balance being met from other sources. The average cost per student was Rs. 924-12-1.

(II) Dacca
Training
College.

As in the previous year the practical work was conducted in the Dacca Collegiate and Armenitola High Schools; the practice of granting honoraria to selected teachers of both schools for supervising the work of the teachers under training was continued. The students also attended the lectures delivered at the social service exhibition and a bioscope exhibition illustrating the "Montessori Method" and other educational topics.

Training
schools for
vernacular
teachers.

52. Training schools for vernacular teachers were 6, as in the year before; of these 1 was maintained at Krishnagar by the Church Missionary Society with aid received from Provincial revenues. They had on their rolls 492 pupils on the 31st March 1921 against 492 of the preceding year. Total direct expenditure was Rs. 98,408, of which Rs. 95,925 was borne by Government and the balance of Rs. 2,483 was met from other sources; the figures for the preceding year were Rs. 97,573; Rs. 92,668 and Rs. 4,905. Of the 238 students who took the final examination 190 passed; the results were rather better than in the year before.

The qualification for entering the normal school is the middle school-leaving certificate, which is also demanded of teachers of primary schools admitted to higher grade *guru*-training schools. There is consequently a certain amount of over-lapping, though the courses prescribed are distinct. It is hoped that the proposed reform of the normal schools will do away with this anomaly, and provide for the training of the subordinate English teachers of secondary schools, who are not qualified to enter the training colleges. The scheme for opening at the Chittagong Normal School a supplementary training class for B. T.s and L. T.s referred to in the last annual report, has not yet materialised. The re-organisation of the normal schools is an urgent matter. The orders of Government on the question of increasing the value of the stipend paid in normal schools from Rs. 6 to Rs. 10 a month were received after the expiry of the period under review.

Guru training
schools.

53. The year closed with 106 *guru* and special training classes against 111 on 31st March 1920. One hundred and two were managed by Government and 4 were aided. The number of *guru*-training schools maintained by Government decreased by 5; this is attributed to the closing of the old-type schools in certain localities. Students under training in the various *guru* and *muallim*-training schools were 2,097 against 2,102 in the year 1920. Out of 1,770 candidates who appeared in the final examination, 1,437 passed. The maintenance charges of these schools amounted to Rs. 2,72,096, towards which Government contributed Rs. 2,53,464. In the preceding year the figures were Rs. 2,38,747 and Rs. 2,14,649.

Buildings for *guru*-training schools of the improved type were completed at Faridpur, Sagardi and Munshiganj. Similar buildings are under construction at Patuakhali, Natore and Balrghat.

Conclusion.

54. The advantages derived from the *guru*-training school system are not what might be hoped. The annual outturn of trained *gurus* is too small to justify the expenditure involved in training them. The men recruited for training are not always of the right type. Many of the trained teachers also give up teaching and take to more remunerative occupations. These evils can only be remedied by increasing the present pay of the primary school teachers, so that the work may be more attractive.

CHAPTER VII.

Professional and Technical Education.

Law Colleges
and Classes.

55. Provision for the study of Law existed in the University Law College, Calcutta, and the Law classes attached to the arts colleges at Hooghly, Krishnagar, Dacca, Rajshahi, Chittagong, Berhampore and the Ripon College, Calcutta. The number of law institutions decreased by one as the pleaders'hip classes attached to the Midnapore College were discontinued. Law students numbered 2,502 on the 31st March 1921 against 2,939 students of the previous year; 2,374 were Hindus, 214 Muhammadans, and 14

of other communities. In 1919-20 there were 2,667 Hindus, 257 Muhammadans, and 15 of other communities. The law colleges and classes cost Rs. 2,88,679, of which Rs. 30,125 was met from Provincial revenues. At the B. L. final examination 1,576 students appeared, and 647 passed.

56. In Bengal, training classes for pleaders were held at the Bengal Engineering College and at Dacca. In the annual examination which was held in February 1921, 27 candidates appeared and 7 were successful.

Pleaders' Survey Examination.

57. In consequence of the transfer of all technical and industrial institutions (except the Bengal Engineering College and the Ashanullah School of Engineering, Dacca) to the Industries Department, the following subjects are to be administered in future by the Director of Industries, Bengal:—

Subjects transferred to the Industries Department.

- (1) Amin Examination Board.
- (2) Joint Technical Examination Board.
- (3) Mining instruction in the coalfields.
- (4) City and Guilds Examination of London Institute.
- (5) State Technical Scholarships.

58. On the 31st March 1921 the Engineering Department of the College had 87 students against the same number in 1919-20. The Apprentice Department had 232 students against 245. The Artisan classes had 19 students against 40. Of these students 274 were Hindus, 16 Muhammadans, 46 Christians, and 2 of other communities. The total direct expenditure of the college, to which Provincial revenues contributed Rs. 2,37,604, was Rs. 2,67,744. The average cost per student was Rs. 883-10-3, of which Rs. 784-2-9 was paid from Provincial revenues. The approximate value of the work turned out in the college workshops was Rs. 23,819.

Bengal Engineering College.

59. Visiting lecturers were appointed last session in Architectural Drawing, Waterworks, Drainage and Sewerage and Structural Engineering. The annual mining camp was pitched at Dishergarh. Underground survey was made and the surface arrangements, gas-testing, propping and the local geology were studied. The electrical students visited the Tata Steel and Iron Works, the Jamalpur Railway Workshops, the Calcutta Electric Supply Corporation Power House, the Calcutta Tramway's Power House and the Bengal Telephone Exchange. In the Chemical Department of the college a small number of B.Sc.'s were allowed to join the 2nd-year course direct. Two Sub-Assistant Superintendents of the Telegraph Department were deputed for the usual training; one of them failed at the preliminary examination and was rejected. An Assembly and Examination hall has been under construction. The situation of the college in regard to water-supply and drainage leaves much to be desired. A sum of Rs. 20,000 sanctioned by the Government of India towards the cost of equipment required for the college was spent. Three students left the college and one gave up practical training for political reasons. In the 2nd-grade Divisional Accounts Examination of the Public Works Department 166 students were registered; 157 appeared at the examination and 9 or 5·7 per cent. passed. The Government of India directed that the upper subordinate classes at the Engineering College should be discontinued.

60. The Ashanulla School of Engineering at Dacca had 302 pupils in its three departments. One hundred and thirty-four in the upper subordinate and 88 in the lower subordinate classes, 10 students in the survey class and 70 in the artisan department. The total direct expenditure on the school was Rs. 78,728, of which Rs. 66,622 was met from Provincial Revenues. The expenditure for 1920-21 exceeded that for the previous year by Rs. 17,168, an increase mainly due to the appointment of the new Assistant Principal and the increment in grade pay earned by certain members of the teaching staff. The total value of the work turned out by the school workshop was Rs. 3,170 for repairs to instruments, furniture and apparatus belonging to the school, and Rs. 1,734 for outside parties. There was no serious breach of discipline, although 7 students are said to have left the school for political reasons. The school with its workshop and hostel was removed to the building formerly occupied by the Secretariat Press. Government have sanctioned the creation of a post for the Assistant Principal of the School. The Engineering courses offered at the institution

Ashanulla School of Engineering Dacca.

are very popular, and the question of duplicating the classes has been taken up. The Principal fears that passed students of the new three-year upper subordinate course will be somewhat inferior to those trained in the old four-year overseer course. The athletic side of the school was not neglected during the year under review, but at present the school does not possess a properly levelled ground for sports. The students of the upper and lower subordinate classes visited various works of engineering interest in and around Dacca, such as the new University buildings under construction, the Dacca sewerage works, etc. The School Employment Bureau was asked to recommend passed students for 30 vacancies last session.

"B" classes.

61. There were "B" Classes at the Dacca and Rajshahi Collegiate Schools and the Zilla Schools at Khulna, Rangpur and Pabna. The total strength was 126 boys. Forty-three appeared at the final examination and 21 or 48·8 per cent. passed. It is hoped that the present public demand for a less literary type of education will help to popularise these classes neglected in the past.

CHAPTER VIII.

Education of Indian Girls and Women.

Institutions.

62. Public institutions of all grades and classes for Indian girls were 12,199 on the 31st March 1921 as compared with 11,543 of the preceding year. These included 3 arts colleges, 1 training college, 13 high schools, 58 middle schools, 12,059 primary schools, 12 training schools, and 58 other special schools. The figures for the preceding year were 3, 2, 13, 54, 11,366, 10 and 95.

Pupils.

63. Pupils, including girls in mixed schools, rose from 323,992 to 340,536 or by 16,544. Of these 152,366 were Hindus, 180,092 Muhammadans, and 8,078 of other communities. It will be seen that the percentage of increase of Muhammadan girls was higher than that of Hindu girls.

Controlling Agency.

64. As in the previous year, the women inspecting officers were two Inspectresses and 12 Assistant Inspectresses of Schools. Further additions to the inspecting staff are considered necessary.

Collegiate Education—Arts Colleges.

65. The Bethune College and the Collegiate School continued to occupy the same building, though the inadequacy of accommodation has been removed to some extent by the addition of a small building for science classes and the botanical laboratory. Increase of hostel accommodation for the college is urgently necessary. It is contemplated to organise subsidiary courses in scientific subjects and so to improve the girls' chances of admission into the Medical College. The girls visited various places of interest including the Botanical Gardens, the Exhibition of Indian Arts, and the Commercial Museum. Miss Wright speaks of the present bus arrangement in the following terms: "The working day of the non-boarders is cruelly prolonged by the long drive to and fro which they are obliged to take, and the impossibility of strict punctuality seriously impairs the value of the first lecture."

The number of students on 31st March 1921 was 111 against 89 of the previous year. Of these 96 were Hindus and 15 Christians. The total direct expenditure was Rs. 59,065, of which Rs. 52,809 was borne by Provincial revenues. The average cost per girl was Rs. 541-14-1, of which Rs. 484-7-10 was met from public funds.

The two other arts colleges for Indian girls were the Diocesan College and the Loreto House; the first is an aided institution. They had 85 and 16 pupils respectively on 31st March 1921.

Secondary Education—High Schools.

66. As in the previous year, 4 high schools for Indian girls were maintained by Government and 9 were aided. They had 2,515 pupils on 31st March 1921 against 2,575 of the year before. The schools cost Rs. 3,15,844. Lectures in First Aid and Hygiene were given, as before, to the senior pupils of the Eden High School, Dacca, partly by Mrs. Collins and partly by Mrs. Bevan-Jones. The vernacular training classes attached to the Eden High School were removed to a separate house and placed under the direct

control of the Inspectress of Schools, Dacca Circle. The English training class was retained at the Eden High School. Special attention was paid to the teaching of needlework and hygiene in the Bethune Collegiate School. In the Vidyamoyee High School at Mymensingh lessons on First Aid, Infant Rearing, and Hygiene continued to be given; instrumental music was also taught. The Inspectress of Schools, Presidency and Burdwan Divisions, observes that hitherto all attempts of the authorities of higher secondary schools in her jurisdiction to deviate from the Matriculation course and to include in the curriculum some form of special training for girls have failed. She also refers to the dearth of Indian women capable of teaching Geography, Mathematics and Hygiene. The condition of physical education in girls' schools is as deplorable as before. Conveyance difficulties seem to increase with the increase of cost.

Of the 58 middle schools for girls 27 were middle English and the rest middle vernacular. Of the middle schools 5 were under public management and 53 were aided. The schools had 6,950 pupils against 6,463 of the previous year. The Inspectress of Schools, Presidency and Burdwan Divisions, states that the bulk of the middle schools in West Bengal have properly qualified staffs and are decently housed. The Binapani Girls' School, which was improved last year, has nearly 300 pupils. The work of some but not all middle schools in East Bengal is reported as satisfactory.

(2) Middle Schools.

67. Primary schools for Indian girls were 12,059, with 274,902 pupils on the 31st March 1921 against 256,915 of the year before. Of the pupils 114,293 were Hindus and 155,954 Muhammadans as compared with 110,547 and 142,152. Their cost was Rs. 7,83,124 against Rs. 7,22,312. The allotments available from the Imperial assignments for improving primary education of girls were devoted to the objects specified in the previous report. The following classes of primary schools deserve mention :—

Primary education.

- (a) Model Primary Schools for Girls :—the school house at Boichee has been under construction.
- (b) Urban Girls' Schools :—these are confined to Eastern Bengal.
- (c) Panchayati Union Schools for girls :—money was allotted for the construction of 30 schools during the year.
- (d) Home Girls' Schools :—taught by a single mistress who is given a monthly grant of Rs. 10.
- (e) Peasant Girls' Schools :—22 in number, all situated in the Presidency Division. Their condition is not wholly satisfactory.

On the 31st March 1921 there were 61 zenana teachers with 1,262 pupils. Some of the zenana classes in Eastern Bengal suffered considerably owing to the constant change of centres. The work was also hampered by the enormous increase in conveyance charges. Out of 33 centres in West Bengal 10 are purely for Muhammadan pupils. The Inspectress does not recommend an extension of the system, as the results achieved so far have not been very encouraging. The zenana agency at Krishnagar continued to do good work; here young married women of good families receive sound education. The scheme is expensive. It is inexpedient to gauge the value of zenana work merely by the amount of teaching accomplished; it offers other advantages, e.g., free exchange of views.

Zenana Education.

68. The training classes attached to the Diocesan College prepare Indian women for the B.T. and L.T. examinations of the Calcutta University. The Secondary Training College scheme approved by Government has been kept in abeyance as stated last year.

Training of teachers—
(a) Secondary training.

The number of institutions with facilities for the training of teachers of primary schools numbered 12. Of these institutions 4 are managed by Government and the rest receive aid from Provincial revenues. The Moslem Training class has been working. The Brahmo Training class presented candidates for the first time for the teachership examination. In the Hindu Widows' Training Institution at Bullygunge, accommodation is extremely limited. The Pandits' Training class, opened two years ago by the Assistant Inspectress of Schools, Calcutta, is doing valuable work. Its extension is under consideration. The training class for vernacular mistresses

(b) Primary training.

has been, as stated already, separated from the Eden High School and placed on a more satisfactory footing. The Wesleyan Mission at Bankura has decided to re-open the training class which was closed some years ago. There is a training class for Nepali girls at Kalimpong. The output of trained women teachers is in no way commensurate with the demand.

In Miss Brock's opinion it can be increased by either increasing the number of existing stipends or helping the United Missionary training class to develop. In West Bengal 24 girls passed the senior and 56 the junior Vernacular Teachers' Examination. At the teachers' examination held at the Eden High School 14 girls passed.

Needlework.

69. The peripatetic needlework teachers worked satisfactorily. The question of improving their pay and prospects is under consideration. A scheme has been worked out for making these posts permanent and pensionable, but effect has not yet been given to it for want of funds.

Hygiene and
Nurse.

70. Her Excellency the Countess of Ronaldshay offered a medal for this subject and an examination was held for the first time in the Dacca Circle. A complete course of hygiene, First Aid work and simple nursing has been drawn up as a part of the training for all vernacular teachers in West Bengal.

Bakery.

71. A diploma in this subject has been started in Eastern Bengal. The examination is both practical and theoretical. It is becoming increasingly popular.

Inclusion.

72. The education of Indian girls and women has made much progress with the financial assistance rendered by the Imperial Government, but much has yet to be done, and the two things necessary are an increased outturn of trained women teachers and the provision of decent school houses with quarters for mistresses. Progress in neither direction is possible without additional funds.

CHAPTER IX.

Education of Europeans.

Schools.

73. The year closed with 81 institutions for European children as against 81 (including the secondary Department of St. Andrew's Colonial Homes which was not developed completely, the figure was 82) on 31st March 1920. Of the total number 62 gave general instruction, and 19 trained pupils in special subjects. Of the schools for general instruction 14 were higher secondary, 7 secondary, 17 higher elementary, 7 elementary and 17 preparatory and ungraded schools. Of those for special instruction 17 were supplementary or technical classes attached to institutions giving general instruction. Three of the 81 schools were maintained by Government and the rest were managed by various denominations.

74. Pupils in European schools on the 31st March 1921 were 9,883 as compared with 10,106 of the previous year. This decrease may be attributed to the transfer of the Technical and Industrial Schools to the control of the Director of Industries; the statistics of these schools have been excluded from the returns of European schools. Of the pupils 5,375 were boys and 4,508 were girls, as compared with 5,585 boys and 4,521 girls of the previous year. The total number of pupils (boys and girls) in higher secondary schools was 3,767, in secondary schools 1,066, in elementary and preparatory schools 4,799; the figures for the previous year were 3,818; 1,035 and 4,782; 251 were under instruction in the special schools against 471. The European and Anglo-Indian pupils were 8,652 on the 31st March 1921, of whom 4,578 were boys and 4,074 girls compared with 4,806 boys and 4,210 girls on the 31st March 1920. The number of non-European pupils was 1,231 against 1,090 in the previous year; 797 were boys and 434 were girls.

75. The total expenditure upon the education of European and Anglo-Indian children was Rs. 33,20,258 against Rs. 32,23,633 of the previous year.

Of this amount Rs. 12,21,926 represented direct and Rs. 20,98,332 indirect expenditure. The expenditure was appropriated as follows :—

	Rs.
Provincial revenues (including the allotments available from the Imperial grant).	10,17,293
Municipal funds	18,718
Fees	13,99,517
Endowments	1,34,175
Subscriptions, donations and other sources	7,50,525
Total	33,20,258

The amount of Rs. 1,67,000 available from the Imperial grants was utilised for enhancing the salaries of teachers.

76. Rupees 36,946 was spent on payment of scholarships including 13 awarded from the Doveton Trust Fund, against Rs. 32,741 of the previous year. This amount included as in the year before the sum spent on certain extra-provincial scholarships paid in Bengal. The Statescholarship of the year did not fall to Bengal. Scholarships were also awarded out of the Sussex Trust to 20 boys and 16 girls for study in India, and to 4 boys and 4 girls for study in the United Kingdom. **Scholarships.**

77. In consideration of the high cost of living the free boarding grant for each child was increased from Rs. 8 to Rs. 10 a month. **Free boarding grant.**

78. On the last day of the year the staffs of European schools had 652 teachers against 644 of 31st March 1920. Of these 56 were graduates, 370 were trained and 282 were untrained. The figures for the previous year were 62,320 and 321. **Teachers.**

79. The Government of Bengal deputed one European male teacher to Sanawar for training, as facilities for training European male teachers do not exist in this Presidency. Missresses under training on 31st March 1921, in the training class for European women attached to the Dow Hill Girls' School, Kurseong, were 12 as compared with 6 of the previous year. In the annual examination of the training classes held in November 1920, four senior students passed out of 7 who appeared; of the five juniors five appeared, and three passed. **Training of teachers.**

80. The number of higher elementary schools in which classes following the recognised supplementary courses were held was 16—5 for boys and 11 for girls. These classes had on 31st March 1921, 134 boys and 88 girls. Special classes for domestic training in plain cookery, and plain needle-work were held at Dow Hill school and St. Helen's Convent, Kurseong. Special classes for training probationary sick nurses were held, as before, at the Entally Convent and at St. Andrew's Colonial Homes, Kalimpong. The Calcutta Free School, Kidderpore House and St. Andrew's Colonial Homes at Kalimpong held classes for children's nurses. The domestic science subjects are examined only by the City and Guilds Examinations Committee. **Vocational training.**

81. At the City and Guilds Examinations which were held as usual in November 1920 at Kurseong, for candidates from the Dow Hill School and St. Helen's Convent, 23 candidates appeared, eight in plain needle-work and 15 in plain cookery: of these five passed in the former and 11 in the latter subject. **City and Guilds Examinations.**

82. The subjoined table shows the results of the various examinations held in 1920-21 :— **Examinations.**

Controlling Agency.

83. Mr. Mercer who acted as Inspector of European Schools, Bengal, from June 1915 went home ill on leave in June 1920, and has since died in England. The post was held successively by Messrs. Papworth, Sterling and Oaten and latterly again by Mr. Papworth.

Cadet grant.

84. During the year grants were paid for the first time to schools forming troops of Girl Guides. The rate of grant is equal for Boy Scouts and Girl Guides.

Outstanding events of the year's work.

85. In January 1921 a conference was held under the presidency of Mr. J. W. Gunn, Assistant Director of Public Instruction, to consider the general question of elementary European education in the Province and the elementary school certificate and supplementary class final examinations in particular. A number of suggestions were made, and a sub-committee was formed to elaborate details. The main recommendation of the conference was the abolition of the present elementary certificate examination as unnecessary and harmful. Regrading of schools and the institution of special scholarship examination were also suggested. It is anticipated that early effect will be given to the recommendations.

CHAPTER X.**Muhammadan Education.****Statistics of Muhammadan pupils.**

86. The year closed with 925,844 Muhammadan pupils in all types of institutions as compared with 919,033 pupils returned in the last annual report on public instruction; the number of Muhammadan pupils therefore increased during the year 1920-21 by 6,811. The proportion of Muhammadan pupils to the total number in schools rose from 47·3 to 47·8 per cent. The proportion of Muhammadan students to the total number in arts colleges increased from 10·8 to 11·6 per cent.; in the professional colleges the proportion remained as before; in high schools it decreased further from 20·09 to 17·6 per cent.; in middle schools it decreased from 30·5 to 28·4; in primary schools it rose from 52·6 to 53·3; in special schools it increased from 64·9 to 71·1. The chief cause of the decrease in high and middle schools has been economic depression, though the Khilafat and non-co-operation agitation is also responsible for the falling-off. The increase of Muhammadan pupils

in arts colleges is rather illusory; the percentage rose, because the total number of students in arts colleges declined. The rise in primary schools was the outcome of natural causes. The increase of Muhammadans in special schools has been due to the opening of more junior madrasahs which adopt the reformed course, and of maktabhs.

87. This table indicates the number of Hindu and Muhammadan pupils reading in all types of public and private institutions during the two years 1919-20 and 1920-21.

Hindu and Muhammadan pupils.

	MUHAMMADANS.			HINDUS.		
	Males.	Females.	Total.	Males.	Females.	Total.
1919-20	741,575	177,458	919,033	836,476	152,164	988,640
1920-21	737,799	188,945	925,844	816,908	155,388	972,296

It will be noticed that Muhammadans lost during the year under report 3,776 male, but gained 10,587 female pupils. Hindus lost 19,568 male but gained 3,224 female scholars. In male scholars Muhammadans lost 5, and Hindus 23 of their total male school population. In female scholars the gain of Hindus and Muhammadans were 59 and 21 of their total female school population.

88. The year closed with 312 madrasahs 14 senior and 328 junior with 27,231 pupils. In the previous year there were 316 madrasahs with 25,871 pupils. Junior madrasahs are increasing fast; the introduction of the reformed madrasah course which embraces both religious and secular instruction and the offer of liberal grants by the Department account for the increase. Pupils in madrasahs increased by 53 per cent. The total direct expenditure on all madrasahs was Rs. 6,44,080 of which Rs. 3,12,864 was met from public funds.

Madrasahs.

89. An additional provision of Rs. 35,000 was available during the year 1920-21 for maintenance grants to madrasahs adopting the reformed course.

Grants-in-aid to madrasahs.

90. The Junior Madrasah Examination was held in December, 1920. Six hundred and fifty students appeared and 160 or 70.77 per cent. passed.

Junior Madrasah Examination.

91. Dacca and Chittagong have been the two centres for the Islamic Matriculation Examination. It was held in April 1920 for the second time at both centres. Fifty candidates appeared and 29 or 58 per cent. passed.

Islamic Matriculation Examination.

92. On the recommendation of the Advisory Board for the Special Islamic Matriculation and Intermediate Examinations certain modifications in the regulations for the Special Islamic Intermediate Examination were sanctioned by Government.

93. During the year the Darul-Uloom Madrasah at Dacca was temporarily recognised for a period of two years with effect from the 1st April 1920 for the purpose of sending up candidates to the Central Madrasah Examination.

Old scheme of madrasahs.

94. In 1917 a revised curriculum of studies for the Arabic Department was submitted to this office. The scheme, which includes among other things proposals for opening a Title class in Arabic literature in the Calcutta Madrasah has been referred to a representative committee.

Arabic Department, Calcutta Madrasah.

95. Maktabhs—recognised and unrecognised—rose from 12,839 to 14,032 of which 9,753 were for boys and 4,279 for girls, with 395,451 pupils against 358,944 of the previous year. Of these 286,455 were boys, and 108,996 were girls. The figures for the previous year were 261,952 and 96,992. These maktabhs cost Rs. 10,00,702 as compared with Rs. 8,97,720. To this expenditure public funds contributed Rs. 5,25,212 against Rs. 4,71,090 of the preceding year. Aided maktabhs in District Board areas received, as in previous years, 59 per cent. grants in excess of what was given to aided primary schools.

Maktabhs.

96. Concessions to Muhammadan pupils generally take the forms of reservation of seats in Government and aided schools, grant of special stipends and scholarships, and of free studentships to the extent of 15 per cent. of the total enrolment.

CHAPTER XI.

Education of special classes.

Education of
Chiefs and
nobles.

97. As in previous years the Nawab Bahadur's Institution at Murshidabad, which is managed by the Department, was the only institution specially intended for the education of boys of aristocratic family. Twenty-six boys of the Nizam family were pupils here. The institution cost Rs. 3,596 against Rs. 3,776 of the year before.

Education of
aborigines and
depressed
classes.

98. Although the economic stress continues, the zeal of the lower classes—the Ponds and Namasudras particularly—to raise themselves in the social scale through education continues unabated. The progress of pupils belonging to backward classes in the different stages of education is described in the following paragraphs.

Presidency
Division.

In the district of 24 Parganas, more than 60 per cent. of the pupils of backward classes come from the Pond community; and of 38 lower primary scholarships 12 were won by Pond boys. In Jessore 27 primary schools chiefly for Namasudras, have been established by the society for the improvement of backward classes. An equal number of middle and primary schools for Namasudras exists in the district of Khulna. In Calcutta schools for Chamar, Dom, and Mehtar children were maintained by the Salvation Army. The Wesleyan Mission and the Church Missionary Society controlled 2 and 6 such schools. About 740 pupils of the depressed classes received instruction in ordinary schools along with children of other communities.

Burdwan
Division.

The Mission training school at Sarenga in Bankura for Sonthal teachers *worked well*. The number of primary schools for aborigines, viz., Sonthals, Mundas, Oraons and Kauras was 270. Besides these there were 2 middle schools for boys and 2 for girls conducted by Missionary bodies. The society for the improvement of the depressed classes subsidised 17 schools including a middle English school in Burdwan.

Dacca
Division.

The school for the children of fishermen at Betnail in Dacca did not prove a success. Its grant of Rs. 216 a year has been transferred to a new school started at Bhutichandi. In addition to 3 schools for fishermen, viz., Rohitpur, Paragaon-Matabpur and Vitichandi, a free primary night school has been opened at Kayetpara. There were 8 free schools for Muchis and 17 schools for Namasudras in the Dacca district. In the district of Mymensingh 1 Middle English and 58 primary schools including 12 for girls existed specially for the depressed classes. There were 2 schools for Bunias in Faridpur. The District Board, Bakarganj, maintained 12 primary schools in the colonisation area of the Sundarbans where free tuition, higher stipends and special scholarships were offered; 3 middle, 3 upper primary and 11 lower primary scholarships were secured by depressed class pupils in the Dacca Division. The Depressed Classes Mission aided and supervised a number of primary schools in Dacca and Faridpur and supported 3 middle English schools in the Dacca district.

Chittagong
Division.

The Government High school at Rangamati and the training classes at Rangamati and Chandraghona were attended chiefly by aboriginal boys. The unaided high English school at Ramu also taught Magh boys. There were 3 schools—2 for boys and 1 for girls—for Doms in the Chittagong district. There were 4 Tipra schools in the district of Tippera. Noakhali had two lower primary schools for backward classes. Of the aboriginal pupils 2 obtained upper primary and 8 lower primary scholarships. Of the non-aboriginal boys 2 won middle English, 1 upper primary and 6 lower primary scholarships.

Rajshahi
Division.

The Rajshahi Division had 80 schools for hill tribes and other aboriginal races and depressed classes. Of these 1 was the Bhutia school at Chunarhati in Jalpaiguri. Twenty-nine of these were controlled by the Board of Sonthal Education, Dinajpur. Another school of some note was the Kerwalnut School at Saidpur, district Rangpur, managed by the Salvation Army. Pabna had 5 schools for Sonthals, Muchis and Dhobis. Of the successful depressed class boys 2 secured the middle, 4 the upper primary and 9 the lower primary scholarships.

99. The children's Home at Kurseong, referred to in the previous report, had on its rolls 9 European children. The school continued to do good work. The Deaf and Dumb School and the school for blind children at Calcutta have been transferred to the control of the Director of Industries. Dacca and Barisal had each a school for deaf and dumb children. The Dacca school taught 16 pupils including 6 girls. The school cost Rs. 1,391 of which Rs. 270 came from Provincial revenues. The Barisal school taught 17 pupils including 2 girls. The expenditure on this school amounted to Rs. 2,412 to which public funds contributed Rs. 1,161.

Education
defectives.

100. There were 40 tea-garden schools with 584 pupils in Jalpaiguri. Of these 5 were 'A' class schools managed by Government, 22 'B' class schools which were aided, and 13 'C' class schools which were unaided. Government spent Rs. 2,276 on the 'A' and 'B' class schools. The District Board of Jalpaiguri spent Rs. 164 on the 'B' class schools.

Education
children in
gardens.

Darjeeling had 60 tea-garden schools with 1,323 pupils. The total expenditure on these schools amounted during the year under review to Rs. 8,794 to which Provincial revenues contributed Rs. 5,657.

101. The primary school at Titagarh opened specially for the children of mill employees, had 108 pupils on its rolls, and is doing well. It had a Hindi section for Hindu children and a Urdu section for Muhammadan children. It had two teachers, and received a grant of Rs. 60 a month. Children of mill operatives also attend ordinary primary schools situated in the mill areas of riparian municipalities in the districts of 24 Parganas, Howrah and Hooghly.

Education
factory
children.

CHAPTER XII.

Private Institutions.

102. Private institutions over which the Department has little control, decreased further from 2,251 to 1,974. This came about mainly in two ways:—some of the badly-managed institutions were converted into national schools in which the *charka* forms a prominent part of the curriculum; others were developed into recognised institutions and received aid from public funds. One special feature of the decline was that some schools teaching the more advanced course in arabic disappeared. As stated previously, all unrecognised *tols*, *koran* schools, and *kyungs* or monastic schools, are classified as private institutions. Of these the Sanskrit *tols* conform to a recognised standard in that they prepare candidates for the title examinations. The number of pupils attending private schools decreased during the year from 67,310 to 56,635. Of these 18,374 were Hindus, 36,306 Muhammadans, and 1,956 of other communities.

CHAPTER XIII.

Physical and Moral Training.

103. There were 899 hostels or boarding houses with 26,027 boarders; the figures for the preceding year were 911 and 27,973. Of the 899 hostels 84 were for girls, with 4,811 inmates. Hostels for males and their inmates decreased by 11 and 2,023, while girls living in hostels increased by 77, although the number of girls' hostels fell by one. The decrease in the number of boys residing in hostels is attributable mainly to two facts; the hostels attached to purely Technical and Industrial schools, which have passed under the control of the Industries Department, have been excluded from the scope of this report, and the sudden dislocation caused by the non-co-operation activities accounts for some loss. The conditions of hostels attached to private and unaided institutions leaves much to be desired, in sanitation, housing, and supervision. The Superintendents of hostels of Government

Hostels.

and aided schools and colleges are remunerated according to the scale prescribed by the Department; those of unaided institutions receive free board and lodging often at the expense of the boarders themselves.

The arrangements alluded to in previous reports for the accommodation of students in messes in Calcutta and Dacca were continued. At Dacca the task of making suitable residential arrangements for University students will pass shortly into the hands of the authorities of Dacca University. Control over students living in messes and "jaigirs" is generally unsatisfactory.

104. No officer has been recruited to fill the post of whole-time adviser to the Department in Physical Education, and financial stringency will postpone his recruitment for some time yet. The Inspectress of Schools, Presidency and Burdwan Divisions, is of opinion that to deal effectively with the needs of girls' schools in physical training, a woman who has specialised in the subject should be appointed.

105. As was observed in the last report, football, cricket, hockey, badminton, and lawn tennis are the favourite games in town schools, while indigenous games are played in village schools.

In many cases inter-school matches are popular. In rural areas these ordinary games are practically suspended during the rains, when playing fields are flooded. The cost of games is met from fees levied upon the students. The schools and colleges in Calcutta are at a disadvantage in this respect, since playing grounds are few. Of the Calcutta colleges the Vidyasagar College athletic teams won renown. They toured up-country with great success.

106. Drill forms a part of the curriculum in all recognised schools, although there has been a tendency of late years to confine it to classes below the fourth. Lectures on Hygiene and Sanitation illustrated by lantern slides were delivered in some schools.

107. Direct moral and religious instruction is given in madrasas, maktabas and Brahmo and Mission schools.

108. No serious breach of discipline occurred among school boys and college students during the first part of the year. The boycott resolution adopted at the students' conference at Nagpur brought educational life into entangling contact with politics and seriously undermined discipline with the consequence that many students challenged authority. The non-co-operation agitation, which was in full swing during the latter part of the year, induced many boys to leave schools and colleges. Some high schools were nationalised, and a number of national schools were started. Strikes occurred in many educational institutions, a University Law Examination was largely ruined, colleges and schools were picketed, and attempts were made at some centres during the Matriculation Examination to dissuade candidates from sitting. A number of candidates were duped or frightened into abstention. A Professor of English at Chittagong college and an assistant master of the Hare School resigned their posts out of sympathy with the agitators.

During the calendar year 1920, there were altogether 3 national schools against 4 of the preceding year, with 500 pupils as against 326. The attitude of the authorities of these schools towards the department was reported to be friendly and no unfavourable report has been received against any teacher or pupil for complicity in political crime.

The number of national schools which have been started as a result of the non-co-operation agitation is not definitely known. It has been stated to have been somewhat over 100 at the height of the movement. Some were short-lived. As many of these declined to give information the number of their pupils cannot be given.

CHAPTER XIV.

Conferences.

109. No conference presided over by the Director of Public Instruction, Bengal, was held during the year under review, but in January 1921 a conference was held under the presidency of Mr. J. W. Gunn, then Assistant

Director of Public Instruction for the purposes indicated in paragraph 85. Of the Divisional Inspectors one or two are reported to have held conferences at Divisional headquarters for discussion of such questions as primary education, vocational education, training of teachers, admission and transfer rules.

CHAPTER XV.

Text-book Committees.

110. There are still two separate Text-Book Committees in the Presidency, at Calcutta and at Dacca. Several changes were made in the personnel of the Calcutta Text-Book Committee. The Calcutta Committee received 686 books including 54, the consideration of which was postponed at the General Committee's meeting held in December 1919. Of these 232 books were approved, 213 were rejected, 7 books were submitted to this office for disposal, and the remaining 234 were left over for later consideration. Of 899 books received by the Dacca Committee, 406 were approved.

The Committee which was appointed last year to advise Government on certain matters connected with the constitution and functions of text-book committees in Bengal submitted their report in due course. It is now under the consideration of Government.

CHAPTER XVI.

Education in the Reformed Council.

111. The new Legislative Council did not come into existence until nine months of the year under review had elapsed, and there is therefore little to report. Its interest in education was shown by numerous questions and resolutions, and in particular an important debate on "Vocational Education," which reflected the recently aroused public interest in the subject, was initiated by Rai Mahendra Chandra Mitra Bahadur, M.L.C. His proposal was that special vocational classes should be opened in all Government and aided schools in Bengal, in co-ordination with the Agricultural and Public Works Departments, and authorities of workshops and mills, where possible. Government, while unable to accept the resolution in this form, welcomed its underlying principle, and an amended resolution was ultimately carried that steps be taken for preparing a scheme for the furtherance of vocational education, and that practical effect be given to such a scheme as early as possible. The debate indicated the universal feeling of members of Council that the prevalent literary type of education needs partial replacement by education of a technical and vocational nature, and that such modification will go far to solve the unemployment problem.

CALCUTTA, THE 16TH JUNE 1922.

RESOLUTION—No. 1165Edn.

READ—

Resolution No. 1011Edn., dated the 7th May 1921, by the Government of Bengal (Ministry of Education).

Pending the establishment of a Provincial Board for Intermediate and Secondary Education, the Government of Bengal in their resolution No. 1011-Edn., dated the 7th May 1921, created as a temporary measure until the 30th June 1922, a similar organisation consisting of a Chairman and the representatives of the Calcutta and Dacca Universities and of the public and other educational institutions to control and supervise education in Intermediate Colleges, senior madrassas and high schools within the Dacca University area.

2. The question of creating a provincial board for secondary education by legislation is still under consideration and, as some time is likely to elapse before it is placed on a statutory basis, the Government of Bengal (Ministry of Education) have decided that the Intermediate and Secondary Education Board at Dacca should be continued for a further period of one year with effect from the 1st July 1922, and will be reconstituted as follows :—
